Subject: Groundwater Remediation Plan Approval (1R-2166) - Plains DCP Plant to Lea Station 6-Inch Section 31 Release Site

**RE: Groundwater Remediation Plan Approval
for the Plains Marketing, L.P.
DCP Plant to Lea Station 6-Inch Section 31 Release Site (1R-2166)
Unit Letter K, Section 31, T20S, R37E, NMPM, Lea County, New Mexico**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has reviewed the submitted proposed Groundwater Remediation Plan, dated March 3, 2010, for the above-referenced site. The OCD hereby conditionally approves the work plan:

Plains Marketing, L.P. shall increase the weekly non-aqueous phase liquid recovery frequency to at least twice per week at each well where non-aqueous phase liquid is currently being recovered (i.e., MW-1).

Please be advised that OCD approval of this work plan does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have questions regarding this matter, please contact me at 505-476-3489.

**RE: Soil Closure Request Approval
for the Plains Marketing, L.P.
DCP Plant to Lea Station 6-Inch Section 31 Release Site (1R-2166)
Unit Letter K, Section 31, T20S, R37E, NMPM, Lea County, New Mexico**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received Plains' Remediation Summary and Soil Closure Request for the above-referenced site (dated May, 2010). The report, submitted in partial fulfillment of 19.15.29 NMAC (Part 29, formally, Rule 116), indicates that Plains has partially met the requirements of 19.15.29 NMAC for this site. Therefore, the OCD hereby conditionally approves the Soil Closure Request for the DCP Plant to Lea Station 6-Inch Section 31 Release Site and no further soil remediation is required for this site:

Plains shall submit to the OCD within 120 days documentation of reseeded of the DCP Plant to Lea Station 6-Inch 31 Release Site.

The DCP Plant to Lea Station 6-Inch Section 31 Release Site is still active under Remediation Plan, 1R-2166, and groundwater monitoring, further groundwater contamination delineation (if necessary), and groundwater remediation must continue at the DCP Plant to Lea Station 6-Inch Section 31 Release Site.

Please be advised that OCD approval of this request does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.

Subject: Additional Soil Remediation Strategy Approval (1R-2166) DCP Plant to Lea Station 6-Inch Section 31 Release Site

**RE: Additional Soil Remediation Strategy Approval
for the Plains Marketing, L.P.
DCP Plant to Lea Station 6-Inch Section 31 Release Site (1R-2166)
Unit Letter K, Section 31, T20S, R37E, NMPM, Lea County, New Mexico**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received Plains' Additional Soil Remediation Strategy for the above-referenced site (dated, February 24, 2010). The workplan, submitted in partial fulfillment of 19.15.29 NMAC (Part 29, formally, Rule 116), indicates that Plains has partially met the requirements of 19.15.29 NMAC for this site. Therefore, the OCD hereby conditionally approves the Additional Soil Remediation Strategy for the DCP Plant to Lea Station 6-Inch Section 31 Release Site.

1. Plains shall submit to the OCD a remediation summary within 60 days.

Please be advised that OCD approval of this workplan does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.

Subject: Proposed Remediation Strategy Approval (1R-2166) Plains DCP Plant to Lea Station 6-Inch Section 31 Release Site

**RE: Proposed Remediation Strategy Approval
for the Plains Marketing, L.P.
DCP Plant to Lea Station 6-Inch Section 31 Release Site (1R-2166)
Unit Letter K, Section 31, T20S, R37E, NMPM, Lea County, New Mexico**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received Plains' Remediation Summary and Proposed Remediation Strategy for the above-referenced site (dated, July, 2009). The workplan, submitted in partial fulfillment of 19.15.29 NMAC (Part 29, formally, Rule 116), indicates that Plains has partially met the requirements of 19.15.29 NMAC for this site. Therefore, the OCD hereby conditionally approves the Proposed Remediation Strategy for the DCP Plant to Lea Station 6-Inch Section 31 Release Site.

1. Plains shall submit to the OCD an additional soil remediation strategy (e.g., high-pressure injection of soil remediation amendment) for the North Trench #1 and East Trench #1 areas within 30 days.
2. Plains shall install a liner (approved by the OCD) at the North Trench #1 and East Trench #1 areas. Plains shall submit to the OCD a liner design within 30 days.
3. Plains shall submit to the OCD a groundwater remediation plan for this site within 60 days.

Please be advised that OCD approval of this workplan does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

Thank you for your cooperation in this matter. If you have any questions regarding this matter, please contact at 505-476-3489.
