NATURE OF RELEASE

Type of Release	Oil and Produce Water	Volume of Release	15 bo-70 bw	Volume Recovered	15 BO-70 BW
Source of Release	RAG SUCKED INTO PUMP	Date and Hour of Occurrence	09/15/2009 09:30 AM	Date and Hour of Discovery	09/15/2009
Was Immediate Notice Given?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom?	Jeff Leking		
By Whom?	Dusty Wilson	Date and Hour	09/16/2009 @ 04:20 PM		
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	n/a		

If a Watercourse was Impacted, Describe Fully.*
N/A

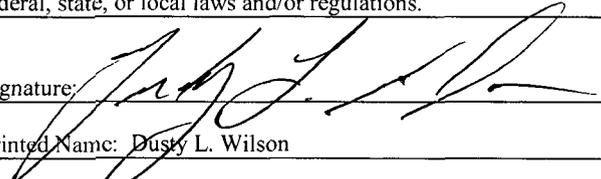

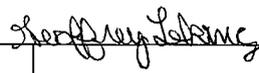

Describe Cause of Problem and Remedial Action Taken.*

Red rag had been dropped into tank accidentally, it was sucked into pump clogging it up, causing tank to fill and run over. Spill was contained inside firewall of battery. Firewall and floor of battery was lined with plastic bladder, which was showing to be fully intact, holding all spillage at the surface level above the liner. The saturated soils were removed from the top of the liner and hauled to Lea Land for disposal, and replaced with clean, like soils. Remediation at this site is complete and closed. This remediation effort was agreed to by NMOCD representative Jeff Leking, on 10/27/09.

Describe Area Affected and Cleanup Action Taken *

Remediated to NMOCD Requirements.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
