Mr. Finney,

The New Mexico Oil Conservation Division District 2 Office (OCD) is in receipt of a proposal for remediation/clean-up of a release of produced fluids that occurred at the above referenced site on or about February 6, 2010. The proposal was submitted by your agent, Talon LPE. The proposal is approved with the following conditions/stipulations:

- Notify OCD 48 hours prior to commencement of remedial activities.
- Notify OCD 48 hours prior to obtaining samples where analyses of samples obtained are to be submitted to OCD.
- Submit a form C-141 marked final report, along with any applicable closure report, to OCD upon satisfactory completion of remedial project.
- The submittal proposes to obtain confirmation samples after 120 days of treatment. These samples should be obtained and presented to OCD not later than August 31, 2010.
- Like approval by BLM.

Please be advised that this approval does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, this approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, please contact me.
