AMENDED
Administrative Order SD-91-6

Dear Ms. Perez:

Reference is made to your letter dated January 2, 1992 concerning the need to amend Division Administrative Order SD-91-6, dated July 8, 1991, which order authorized the simultaneous dedication of Eumont Gas Pool production from the NE/4 of Section 36, Township 20 South, Range 36 East, NMPM, Lea County, New Mexico, to the Shell State Well No. 10 located in Unit H and to the Shell State Well No. 9 to be drilled in Unit B, both in said Section 36.

It is our understanding that the proposed Shell State Well No. 9 was originally spotted on a map and permitted before it was actually staked and for some unexplained reason had to be moved.

Division Administrative Order SD-91-6 is hereby amended to show the well location for the Shell State Well No. 9 to be drilled 900 feet from the North line and 1830 feet from the East line (Unit B) of said Section 36, all other provisions of said Order SD-91-6 shall remain in full force and effect until further notice.

Sincerely,

A handwritten signature in black ink that reads "William J. LeMay". The signature is written in a cursive style with a large, stylized "W" and "L".
