RE: Application for Unorthodox Jalmat Gas Well Location & Simultaneous Dedication
E. L. Steeler WN #4
SW/4 Section 19, T-23S, R-37E, Lea County, New Mexico
Jalmat (Tansill/Yates/Seven Rivers) Gas Pool

Dear Mr. LeMay / Mr. Sexton:

ARCO Oil and Gas Company respectfully requests administrative approval for an unorthodox Jalmat gas well location for the E. L. Steeler WN #4 well, located 660' FSL, 660' FWL, Section 19, T-23S, R-37E in Lea County, New Mexico. The E. L. Steeler WN #4 is a Langlie Mattix (Seven Rivers/Queen/Grayburg) oil well which ARCO is preparing to recomplete uphole to the Jalmat pool. At the same time, ARCO requests simultaneous dedication of the Jalmat gas production from the E. L. Steeler WN #3 well with the Jalmat gas production from the E. L. Steeler WN #4 well. The E. L. Steeler WN #3 Jalmat gas well is currently dedicated to an existing 160-acre proration unit comprised of the SW/4 Section 19, T-24S, R-36E.

Attached are C-102 forms identifying both the existing and proposed configuration of the subject 160-acre Jalmat gas proration unit. Also attached is a list of offset operators and/or co-owners for this unit, and a land plat map of the surrounding area.

ARCO Oil and Gas Company believes approval of this request will be in the interest of conservation, will protect correlative rights, and will allow for a more complete recovery of Jalmat gas reserves from the subject acreage.

ARCO Oil and Gas Company is notifying the offset operators of this application by sending a copy of this application package, along with waiver to objection forms, by certified mail. If you need further information, please call me at (915) 688-5546.

Sincerely,

RE: Additional Information and Request for Approval
10/1/92 Application for Unorthodox Jalmat Gas Well Location & Simultaneous Dedication
E. L. Steeler WN #4
SW/4 Section 19, T23S, R37E, Lea County, NM
Jalmat (Tansill/Yates/Seven Rivers) Gas Pool

Dear Mr. LeMay:

ARCO Oil and Gas Company respectfully requested, by application to your office on 10/1/92, administrative approval for an unorthodox Jalmat gas well location for the E. L. Steeler WN #4 well located 660' FSL, 660' FWL, Section 19, T-23S, R-37E in Lea County, New Mexico. At the same time, ARCO requested simultaneous dedication of the Jalmat gas production from the E. L. Steeler WN #3 with the Jalmat gas production from the E. L. Steeler WN #4 well.

ARCO Oil and Gas Company notified the offset operators of that application by sending a copy of the application package, along with Waiver to Objection forms, by certified mail. Attached with this follow-up letter are copies of the certified mail receipts sent to all offset operators, showing that they have all received a copy of this application and have had more than 21 days to respond to either ARCO or the NMOCD. Also attached are copies of signed waiver forms from 4 of the offset operators, indicating that they have no objection to the proposed work. Since signed waivers have been received from 4 offset operators, and since all offset operators have received notice of ARCO's application by certified mail and have had sufficient time to respond to the application, and no offset operators have objected to this application, ARCO respectfully requests that the NMOCD grant prompt administrative approval of this request so that ARCO may perform the work in a timely manner.

If you need further information, please call me at (915) 688-5546.

Sincerely,

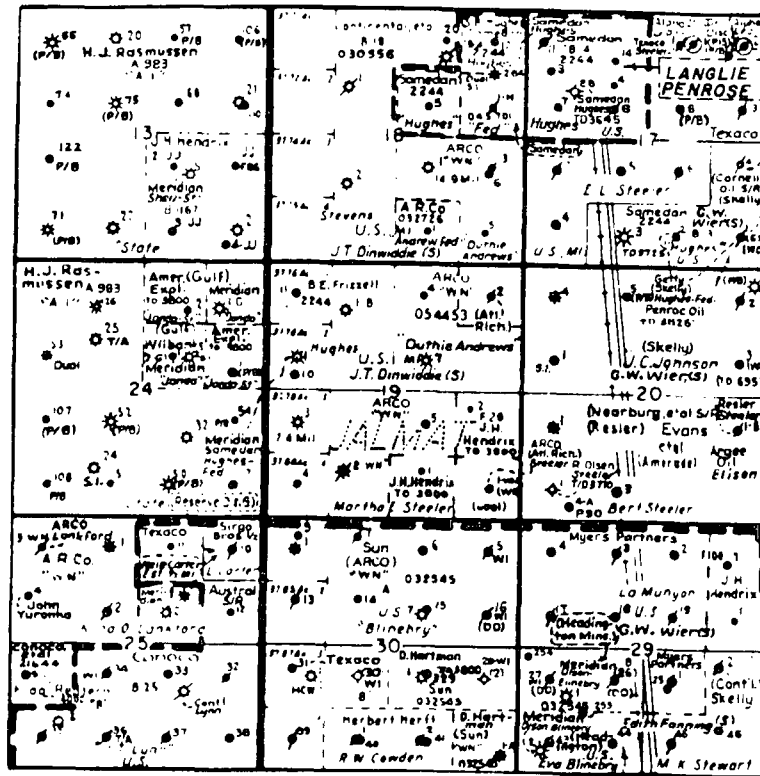

Kevin D. Renfro
