Re: Carlson Harrison Federal Com. No. 4 Notice of Plugging & Abandonment Location Closure
Environmental Considerations and Incident Compliance for *Corrective Action Plan / Final
Remediation Report*

API No.: 30-025-29358 / U/L L S22 T25S R37E 1650 FSL 660 FWL
1RP No.: 2491

Dear Mr. Johnson:

Cimarex Energy Company of Colorado (Cimarex) herewith provides written notification and appended Form C-141 to the New Mexico Oil Conservation Division (NMOCD) of an unauthorized discharge in the area of the reclaimed pit from sodium chloride percolated to surface as a leachate resulting from the natural effects of wind and water erosion in the immediate area. This condition was discovered in response to the presence of *African Rue* adjacent to and located within the southwest corner of the Carlson Harrison Federal Com. No. 1 pad as well as along the shared access road to the No. 4 location.

The Bureau of Land Management (BLM) also issued a Notice of Written Order (NWO) on 7 April 2010 (NWO No.:10-JA-072W) to Cimarex regarding (1) the handling of the *African Rue* infestation and (2) overall pit compliance, which effected both locations due to their proximity to each other. Subsequently, Cimarex has responded to BLM's NWO with the following measures:

1. Cimarex again entered into an agreement with the Carlsbad Soil and Water Conservation District (CSWCD) for the purpose of participating in the 2010 Noxious Weed Program for treatment of *African Rue* infestations. Cimarex has participated since 2008 in the Program for control and removal of this weed. (See enclosed letters to CSWCD and BLM)

Cimarex has also confirmed with Ray Keller at BLM and Judy Bock with CSWCD that the Carlson Harrison Federal Com. Nos. 1 and 4 have already been sprayed for *African Rue* this season. Therefore, it is now possible to allow heavy equipment into these areas for on going remediation activities per Mr. Keller

2. Cimarex has notified BLM that it has contacted Lea County, NMOCD regarding the alleged pit condition and developed the *Corrective Action Plan* (CAP) and *Final Remediation Report* (FRR) to be executed once approved by NMOCD. (See enclosed letter to BLM)

Predicated on the above history, Cimarex intends to verify the soil conditions and the extent of the chloride contaminant effectuation in the area via sampling, which will include pad and road caliche. Following this, topsoil will either be (1) imported or (2) obtained locally, if free of *African Rue* and compliant with NMOCD regulatory standards for soil chlorides. Furthermore, this location is plugged and abandoned (P&A). Therefore, the CAP and FRR for the pit area shall be included in the overall location closure, which shall assume the same characteristics and sampling requirements applied to the disturbed areas around the location.

When equipment and supporting infrastructure materials or resources have been removed from the location, the site shall be remediated pursuant to applicable regulatory standards. Once completed, the entire reclaimed site, including the pit, shall be reseeded with BLM Seed Mix No. 4 per BLM's reclamation program seed mixtures for this area.

Should you have questions please call (575-602-1002).

Sincerely,

Mark Bishop
Operations Foreman

Warning

The Authorized Officer has authority to issue a Written Order in accordance with 43 CFR 3161.2. Written Order correction and reporting time frames begin upon receipt of this Notice or 7 business days after the date it is mailed, whichever is earlier. Each stipulation must be corrected within the prescribed time from receipt of this Notice and reported to the Bureau of Land Management Office at the address shown above. If you do not comply as noted above under "Corrective Action to be Completed By", you shall be issued an Incident of Noncompliance (INC) in accordance with 43 CFR 3163.1(a). Failure to comply with the INC may result in assessments as outlined in 43 CFR 3163.1 and may also incur civil penalties (43 CFR 3163.2). All self-certified corrections must be postmarked no later than the next business day after the prescribed time frame for correction.

Section 109(d)(1) of the Federal Oil and Gas Royalty Management Act of 1982, as implemented by the applicable provisions of the operating regulations at Title 43 CFR 3163.2(f)(1), provides that any person who "knowingly or willfully" prepares, maintains, or submits false, inaccurate, or misleading reports, notices, affidavits, records, data, or other written information required by this part shall be liable for a civil penalty of up to \$25,000 per violation for each day such violation continues, not to exceed a maximum of 20 days.

Review and Appeal Rights

A person contesting a decision shall request a State Director review of the Written Order. This request must be filed within 20 working days of receipt of the Notice with the appropriate State Director (see 43 CFR 3165.3). The State Director review decision may be appealed to the Interior Board of Land Appeals, 801 North Quincy Street, Suite 300, Arlington, VA 22203 (see 43 CFR 3165.4). Contact the above listed Bureau of Land Management office for further information.

Re: Response to BLM NWO No. 10-JA-072W

Carlson Harrison Federal Com. No. 1
API No.: 30-025-11692 / U/L L S22 T25S R37E 1980 FSL 660 FWL

Carlson Harrison Federal Com. No. 4
API No.: 30-025-29358 / U/L L S22 T25S R37E 1650 FSL 660 FWL

Dear Mr. Amos:

Per the Bureau of Land Management's (BLM) recent Notice of Written Order (No. 10-JA-072W) to Cimarex Energy Company of Colorado (Cimarex) regarding the handling of the *African Rue* infestation discovered on the southwest corner of the Carlson Harrison Federal Com. No. 1 and along the roadway to the Carlson Harrison Federal Com. No. 4 this season, please be advised that Cimarex has again entered into an agreement with the Carlsbad Soil and Water Conservation District (CSWCD) for the purpose of participating in the 2010 Noxious Weed Program for treatment of *African Rue* infestations. (See enclosed letter to CSWCD.)

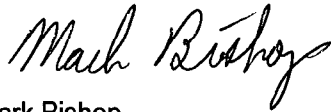

Cimarex has also confirmed with Ray Keller at BLM and Judy Bock with CSWCD that the Carlson Harrison Federal Com. Nos. 1 and 4 have already been sprayed for *African Rue* this season.

Regarding the previously reclaimed drilling pits, Cimarex has contacted Lea County, NMOCD regarding the pit condition cited by the BLM's NWO and developed the *Corrective Action Plan* (CAP) and *Final Remediation Report* (FRR) to be executed once approved by NMOCD. (See enclosed NMOCD documents.) Predicated on the fact that the Carlson Harrison Federal Com No. 4 is currently P&A, Cimarex will simultaneously address any pit issues on this location with the remediation of the location. Carlson Harrison Federal Com No. 1 will be addressed as soon as possible and described in the attached NMOCD documents.

All remediation shall be reseeded with Seed Mixture No. 4. BLM will be apprised of final remediation activities and provided written and/or photographic documentation at that time.

Thank you for your consideration in notifying us. Should you have questions please call 575-602-1002.

Sincerely,

Mark Bishop
Operations Foreman

Re: CSWCD 2010 Noxious Weed Program (*African Rue*)

Carlson Harrison Federal Com. No. 1
API No.: 30-025-11692 / U/L L S22 T25S R37E 1980 FSL 660 FWL

Carlson Harrison Federal Com. No. 4
API No.: 30-025-29358 / U/L L S22 T25S R37E 1650 FSL 660 FWL

Dear Mr. Amos:

Per the Bureau of Land Management's (BLM) recent notification to Cimarex Energy Company of Colorado (Cimarex) regarding the handling of the *African Rue* infestation discovered on the Carlson Harrison Federal Com. No. 1 and along the roadway to the Carlson Harrison Federal Com. No. 4 this season, please be advised that Cimarex has again entered into an agreement with the Carlsbad Soil and Water Conservation District (CSWCD) for the purpose of participating in the 2010 Noxious Weed Program for treatment of *African Rue* infestations. Cimarex has participated in this Program for control and removal of this weed from its locations since 2008.

Consequently, Cimarex desires that *African Rue* currently growing on all of the above cited locations be treated in 2010. It is our understanding that spraying for this season has yet begun which will allow us to participate in the benefits of having it sprayed early.

Cimarex is in the process of addressing your other concerns on the above locations, which will be transmitted in writing next week.

Thank you for your consideration in notifying us. Should you have questions please call 432-571-7800 (office).

Sincerely,

A handwritten signature in cursive script that reads "Randy Hogan".

Re: CSWCD 2010 Noxious Weed Program (*African Rue*)

Dear Ms. Bock:

This transmittal applies equally to the following two (2) locations for the treatment of *African Rue*:

1. Carlson Harrison Federal Com. No. 1
API No.: 30-025-11692 / U/L L S22 T25S R37E 1980 FSL 660 FWL
2. Carlson Harrison Federal Com. No. 4
API No.: 30-025-29358 / U/L L S22 T25S R37E 1650 FSL 660 FWL

Per the Bureau of Land Management's (BLM) recent notification to Cimarex Energy Company of Colorado (Cimarex) regarding the handling of the *African Rue* infestation discovered on the Carlson Harrison Nos. 1 and 4 as cited above this season, please be advised that Cimarex wishes to again enter into an agreement with the Carlsbad Soil and Water Conservation District (CSWCD) for the purpose of participating in the 2010 Noxious Weed Program for treatment of *African Rue* infestations. Cimarex has participated since 2008 in the Program for control and removal of this weed.

Consequently, Cimarex desires that *African Rue* currently growing on the above cited locations be treated in 2010. Enclosed please find our check in the amount of \$2,000.00 to the CSWCD for the purpose of spraying these locations.

Thank you for your assistance. Please advise if there is other pertinent data you may require for these locations.

Should you have questions please call 432-571-7800 (office).

Sincerely,

A handwritten signature in cursive script that reads "Randy Hogan".
