**Attachments:** Jenkins B Federal # 15 Wellbore diagram.xls; Jenkins B Federal # 11 Wellbore diagram.xls

Terry,

I discovered yesterday that the well bore schematics that I used to apply for the injection permits on the Jenkins B #11 and #15 incorrectly listed the existing perfs. Therefore, the requested injection interval did not include all of the existing Yeso perfs. Here is a summary of the mistake:

	Requested & Approved Interval	Existing Yeso Perfs
Jenkins B #11	4,418'-4,666'	4,259'-4,632'
Jenkins B #15	4,312'-4,716'	4,272'-4,686'

Attached are the corrected well bore schematics.

Dick Prentice
