NATURE OF RELEASE

Type of Release	Crude Oil and Produced Water	Volume of Release	8 BBLS	Volume Recovered	5 BBLS
Source of Release	6-Inch Steel Pipeline	Date and Hour of Occurrence	July 14, 2010, 1100 hrs	Date and Hour of Discovery	July 14, 2010, 1100 hrs
Was Immediate Notice Given?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> Not Required	If YES, To Whom?	Larry Johnson, NMOCD Hobbs District Office		
By Whom?	Curt Stanley	Date and Hour	July 15, 2010, 0920 hrs		
Was a Watercourse Reached?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.			

If a Watercourse was Impacted, Describe Fully.\*

Describe Cause of Problem and Remedial Action Taken.\*

During pipeline change-out activities, crude oil and produced water were released into a pipeline trench. A vacuum truck recovered free fluids and an onsite backhoe was used to immediately excavate the saturated soil, stockpiling the impacted soil adjacent to the pipeline trench.

Describe Area Affected and Cleanup Action Taken.\*

A pipeline trench measuring approximately 60 linear feet was affected by the release. During initial response activities saturated soil was excavated and the area of impact was delineated. Soil samples will be collected and submitted to the laboratory to evaluate the need for additional remediation activities. The release will be remediated per NMOCD regulatory guidelines

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
