Re: Proposed NWU-147

Gentlemen:

P

Reference is made to your letter dated April 27, 1955, concerning your request for a non-standard gas proration unit for your Brown Well No. 2, located in the SW/4 SW/4 of Section 29, Township 30 North, Range 12 West, Fulcher Kutz-Pictured Cliffs Gas Pool, San Juan County, New Mexico. Our records indicate that you drilled a dry hole as your Brown No. 3 in this unit in 1946.

Your letter and plat gives the location for your Brown Well No. 2 to be in the SW/4 SW/4 of Section 29, whereas previous well records indicate this location to be in the NE/4 SE/4 of Section 30.

Please submit corrected application and plats in order that we might issue the correct non-standard gas unit authority.

Very truly yours,

C. M. Rieder
District Engineer
