Gentlemen:

At the request of Anderson-Prichard Oil Corporation, we are enclosing Waiver and Consent permitting Anderson-Prichard to drill and produce a Mesa Verde gas well on the W/2 of Section 7-31-9, San Juan County, New Mexico. This half section contains only 206.60 acres and is, therefore, a non-standard gas production unit.

Very truly yours,

Re: Application for 206.60-acre Non-Standard Gas Proration Unit, Blanco Gas Pool, Comprising W/2 Section 7-T31N-R9W, San Juan County, New Mexico

Oil Conservation Commission
State of New Mexico
P. O. Box 871
Santa Fe, New Mexico

Attention: Mr. A. L. Porter

Gentlemen:

This is a request by Anderson-Prichard Oil Corporation for an exception to State of New Mexico Oil and Gas Conservation Commission Order No. R-128-D, Rule No. 1, Paragraph A, under conditions set out in Rule No. 1, Paragraph B, and in support thereof states as follows:

1. That this non-standard gas production unit consists of contiguous quarter quarter sections or lots, it being the West half of Section 7, Township 31 North, Range 9 West, San Juan County, New Mexico;
2. That this non-standard gas production unit lies wholly in Section 7, Township 31 North, Range 9 West, San Juan County, New Mexico;
3. That this non-standard gas production unit is believed to be productive of gas; and
4. That written consent in the form of waivers from all operators owning an interest in which this gas production unit lies, and all offset operators to the same unit, permitting us to produce gas from this non-standard production unit will be acknowledged and forwarded to your District Office in Aztec, New Mexico.

We wish to apologize for being late in filing this application with the Commission, as we were unaware of the fact that this procedure would

necessary until we were informed by your District Manager in Aztec, New Mexico, Mr. Emery Arnold. Our Notice of Intention to Drill with surveyor's plat was filed with and approved by the U. S. Geological Survey in Farmington, New Mexico, and a copy of the above instrument was sent to the Commission office at Aztec, New Mexico.

Enclosed is a copy of the Waiver sent to offset operators for acknowledgment, with plat of acreage dedicated to this non-standard production unit. We trust this application meets with your approval, and if anything additional is needed we will give it our prompt attention.

Yours very truly,

KARL A. BASHARA
District Superintendent

WAIVER AND CONSENT

KNOW ALL MEN BY THESE PRESENTS:

That the undersigned being all of the operators of the following described lands situate in the County of San Juan, State of New Mexico, to wit:

Offset leases owned or operated by El Paso Natural Gas Company:

El Paso Natural Gas Company Unit 32-9:

Unit 1 - W/2 Section 18-T31N-R9W)	All in San Juan County, New Mexico
Unit 33 - W/2 Section 6-T31N-R9W)	
Unit 4 - E/2 Section 12-T31N-R9W)	

Offset leases owned or operated by Anderson-Prichard Oil Corporation et al:

E/2 Section 7-T31N-R9W, San Juan County, New Mexico

in consideration of mutual advantages to be obtained to the interests of the undersigned, hereby authorize and consent that Anderson-Prichard Oil Corporation being the owner of the following identified non-standard gas production unit:

W/2 Section 7, Township 31 North, Range 9 West
San Juan County, New Mexico

may produce gas from said non-standard gas production unit in accordance with all valid regulations of the Oil Conservation Commission of the State of New Mexico. In this connection the undersigned recognize that although the location for the well located on the above described unit was duly approved by the U. S. Geological Survey District Office at Farmington, New Mexico and Regional Office at Roswell, New Mexico, the size of said unit does not conform to the standard gas unit as prescribed by the Conservation Commission of the State of New Mexico. Nevertheless, the undersigned waive any objection to this fact and hereby consent that Anderson-Prichard Oil Corporation be and hereby is authorized to produce gas from the non-standard gas production unit as above described.

This waiver and consent may be executed in any number of counterparts with the same force and effect as if all parties had signed the same document, and when so executed shall be binding upon the undersigned, their heirs, assigns, or successors in interest.

IN WITNESS WHEREOF the undersigned have executed this instrument
as of this _____ day of April, 1956.

DETAILS OF WORK

(State names of and expected depths to objective sands; show size, weight, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

We will cut 150' to 175' of 10-3/4" casing and cement to surface. Full drill with bit to approximately 100' at which point we anticipate setting an intermediate string of 8-5/8" casing tubing. In this program to gas drill with rotary equipment to 20' of approximately 600', or to a point 50' below the base of the first basement section of the New York formation. At this point 5-1/2" 13.3# 3-3/4" casing will be set and with cement covering the whole of the New York formation. Low-Boiler Cement Dry Mixtures will then be run. Method of completion will be selective perforation and acid treatment of the first leakout, however, and the first three sections of the New York formation.

It is intended that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

We understand that Anderson-Prichard Oil Corporation has made application for a non-standard gas proration unit covering the W/2 of Section 7, Township 31 North, Range 9 West, San Juan County, New Mexico.

El Paso Natural Gas Company, as owner of the gas operating rights in Sections 6, 8, and 18, in Township 31 North, Range 9 West, and Section 12 in Township 31 North, Range 12 West, has no objection to the formation of this non-standard gas proration unit and your approval thereof.

Yours very truly,

R. L. Hamblin, Manager
Lease Department
