Re: Request for Approval of Non-
Standard Gas Proration Unit
for "C" Well 6-6

Attention: Mr. A. L. Porter

S Blum PC

Gentlemen:

In accordance with Order No. R-565-C, Rule 6 (B), request is made for administrative approval of a non-standard gas proration unit for Northwest Production Corporation "C" Well 6-6, which is located in the SW/4 of the SW/4 of Section 6, Township 25 North, Range 4 West, Rio Arriba County, New Mexico.

The proposed non-standard unit for "C" 6-6 consists of the SW/4 of said Section 6, including lots 6 and 7 contiguous to the SW/4, a total of 163.21 acres. The unorthodox size of the proposed unit is caused by a variation in the legal subdivision of the United States Public Land Survey, and it lies within a single governmental section, all of which is subject to an oil and gas lease in favor of Northwest Production Corporation. It is reasonable to presume that all of the non-standard unit is productive of gas. *Pool?*

According to our records, and as indicated on the attached plat, Southern Union Gas Company, 1001 Burt Building, Dallas, Texas, owns the mineral rights in Sections 1 and 12, Township 25 North, Range 5 West, which offset our "C" Well 6-6. Copy of this request for approval of a non-standard gas proration unit is being given this operator by registered mail.

Very truly yours,

NORTHWEST PRODUCTION CORPORATION

Attention: Mr. A. L. Porter

Gentlemen:

I have received copies of Northwest Production Corporation's request for non-standard units on their "C" well 1-7 located in Section 7-25-4, "C" well 6-6 located in Section 6-25-4 and "N" well 5-6 located in Section 6-26-4. Southern Union Gas Company has no objections to the granting of these non-standard units.

Yours very truly,

SOUTHERN UNION GAS COMPANY
