Dear Mr. Porter:

Re: Nickel #1, K-11-31-13,
San Juan County, New Mexico

It has been determined that the South one-half (S/2) of Section 11, T 31N, R 13 W, San Juan County, contains only 313.27. We respectfully request that a non-standard proration unit be assigned to this well due to the fact that the section is not a full 640 acres.

Copies of waivers from the offset operators are attached. A new C-128 has been filed with your Aztec office setting forth the acreage.

Thank you for your consideration and cooperation.

Very truly yours,

ADOBE OIL COMPANY

A. T. Sindel
Vice-President

Gentlemen:

The captioned acreage contains only a total of 313.27 acres due to the fact that this section is not standard and due to this fact the New Mexico Oil Conservation Commission requires that we obtain permission from all offset operators to drill this acreage before they will approve the communitization agreement.

If you have no objections to same would you please so signify in the space provided below and return one copy to this office.

Yours very truly,

ADOBE OIL COMPANY
