Re: Application for Exception to Rule 5(A)
of Order R-1670-C for a Non-Standard
Proration Unit, Basin-Dakota Gas Pool
San Juan County, New Mexico

Gentlemen:

In accordance with Rule 5(B) of Order R-1670-C, El Paso Natural Gas Company, as Operator, hereby submits its application for administrative approval of the following Non-Standard Proration Unit in the Dakota Formation of the Basin-Dakota Gas Pool. The well name, description of the drilling block, and the size of the proration unit covered by this application is as follows:

<u>Well Name and Drilling Block</u>	<u>Location</u>	<u>No. of Acres</u>	<u>Kind of Well</u>
Hubbell #4 T-29-N, R-10-W Sec. 7: Lots 3 & 4, E/2 SW/4, SE/4 (S/2)	SW/4 Sec. 7 T-29-N, R-10-W	314.00	Gas

and in support thereof states the following fact:

That the above proposed non-standard gas proration unit consists of the number of acres shown and is an unorthodox size or shape due to a variation in the legal subdivision of the United States Public Land Survey. (Plat attached.)

Therefore, El Paso Natural Gas Company requests that under the provisions of Rule 5(B) of Order R-1670-C, the Secretary of the Commission grant exception to Rule 5(A) without Notice and Hearing and approve the subject non-standard proration unit.

Respectfully submitted,

EL PASO NATURAL GAS COMPANY
