Re: Application for Exception to Rule 5(A) of
the Northwest Portion of R-1670 for a Non-
Standard Proration Unit, Blanco-Mesaverde
Gas Pool, San Juan County, New Mexico

Gentlemen:

In accordance with Rule 5(B) of the Northwest portion of Order R-1670, El Paso Natural Gas Company hereby submits its application for administrative approval of a non-standard proration unit comprising the S/2 (or Lots 1,2,3,4, N/2 S/2) of Section 36, Township 28 North, Range 8 West, San Juan County, New Mexico, and in support thereof states the following facts:

1. That the proposed non-standard gas proration unit consists of 314.51 acres which are contiguous quarter-quarter sections and lots, as shown by the survey of fractional T-28-N, R-8-W which was accepted by the United States Surveyor General's Office on June 23, 1919 and accepted by the General Land Office on March 16, 1920.
2. That the proposed non-standard gas proration unit lies wholly within a single governmental section.
3. That the proposed non-standard gas proration unit may reasonably be presumed to be productive of gas.
4. El Paso Natural Gas Company owns the Mesaverde operating rights in the entire section as well as the acreage offsetting this non-standard proration unit, therefore no notice to other operators is applicable.

El Paso Natural Gas Company requests that under the provisions of Rule 5(B) of the Northwest portion of Order R-1670, the Secretary of the Commission grant exception to Rule 5(A) without Notice and Hearing and approve the subject non-standard gas proration unit.

Respectfully submitted,

EL PASO NATURAL GAS COMPANY
