Dear Mr. Porter:

Mr. H. K. Keesee drilled and completed in February, 1969, its Keetom Apache #1 well in Unit "A" of Section 19, T23N, R3W, Sandoval County, New Mexico. Mr. Keesee desires to include the two lots on the west side of section 19 in order to increase the allowable for their referenced well from 160 acres to 197.85 acres.

This will constitute my waiver letter to you indicating that I as leasehold owner of adjoining Section 18, has no objection to the Commission's granting Mr. H. K. Keesee such an allowance due to the irregular size of Section 19.

Yours very truly,

W. M. Gallaway

Dear Mr. Porter:

Mr. H. K. Keesee drilled and completed a well in February, 1969 which has been designated as the Keetom Apache No. 1, located in Unit "A" of Section 19, T23N R3W, Sandoval County, New Mexico. Due to the irregular size of Section 19, Mr. Keesee would like to include the two lots along the extreme western side of Section 19, thereby increasing the size of the dedicated unit for this well from 160 acres to 197.85 acres.

To accomplish this, Mr. Keesee must receive permission from the adjoining leasehold owners. The SW/4 of Section 17, T23N R3W is owned by Pan American.

This is to advise that what Mr. Keesee would like to accomplish meets with our approval.

Very truly yours,
