COG Operating  
Skelly #967 Tank Battery  
Eddy County, New Mexico

COG Operating  
Jenkins B Federal #7 Well  
Eddy County, New Mexico

Terry,

As discussed, the drilling rig has become available for the end of the week. Tetra Tech will be onsite Thursday (4-7-10) on the Skelly #967 Tank Battery to install boreholes to define vertical extents. The Jenkins site will be performed on Friday (4-9-10). Once completed, the work plans will be prepared and submitted for review and approval. Please call me if you have any questions, thanks
