Sergio,

My understanding of the proposal submitted is as follows:

The impacted area off of the well site pad (in the adjacent pasture) will be excavated.

The impacted area on the well site pad will be excavated, with delineation samples obtained during the excavation process.

Is my understanding of the proposal correct?

Mike Bratcher

Mike,

Here is the work plan for the Crow Flats, if you have any questions please contact me at your convenience.

Thanks

Sergio Contreras
