Subject: Henshaw Deep 5- Release

Mike/ Jim

Chesapeake had a release on the Henshaw Deep 5 location yesterday, we lost an estimated 50 barrels of fluid (oil and water Mix) and recovered 40-45 barrels. Cleanup crews were called to location to start the cleanup phase. We will be sending a C-141 to you guys today with the information. If you have further question please let me know.

Thank You,
