**Subject:** Corrective Action Plan Addendum Approval (AP-54) - Plains Hobbs Junction Mainline Release Site

**RE: Corrective Action Plan Addendum for the Plains Marketing's  
Hobbs Junction Mainline Release Site (AP-54)  
Unit Letter M, Section 26, T18S, R37E, NMPM, Lea County, New Mexico  
Corrective Action Plan Addendum Approval**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received the Corrective Action Plan Addendum for the Hobbs Junction Mainline Release Site, dated April 17, 2008, and has conducted a review of the Addendum. The proposed Addendum indicates that Plains Marketing (Plains) has met the requirements of 19.15.30 NMAC (Rule 30; formerly, Rule 19) for an abatement plan. Therefore, the OCD hereby conditionally approves the Addendum as proposed for above-referenced site in accordance with 19.15.30 NMAC:

Plains must submit to the OCD a progress report regarding the Corrective Action Plan for the above-referenced site by **Monday, July 2, 2012**.

Please be advised that OCD approval of this addendum does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please contact me at 505-476-3489.

**Subject:** Recommendations Approval (AP-54) - Plains Hobbs Junction Mainline Release Site

**RE: 2010 Annual Groundwater Monitoring Report for the Plains Marketing's  
Hobbs Junction Mainline Release Site (AP-54)  
Unit Letter M, Section 26, T18S, R37E, NMPM, Lea County, New Mexico  
Recommendations Approval**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received the 2010 Annual Groundwater Monitoring Report for the Hobbs Junction Mainline Release Site, dated February, 2011, and has conducted a review of the recommendations. The proposed activities indicate that Plains Marketing (Plains) has met the requirements of 19.15.30 NMAC (Part 30; formerly, Rule 19) for an abatement plan. Therefore, the OCD hereby approves the recommendations as proposed for above-referenced site in accordance with 19.15.30 NMAC.

Please be advised that OCD approval of these recommendations does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please contact me at 505-476-3489.

**Subject:** Recommended Remediation Activities Approval (AP-54) - Plains Hobbs Junction Mainline Release Site

**RE: Third Quarter 2011 Summary for the Plains Marketing's  
Hobbs Junction Mainline Release Site (AP-54)  
Unit Letter M, Section 26, T18S, R37E, NMPM, Lea County, New Mexico  
Recommended Remediation Activities Approval**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received the Third Quarter 2011 Summary for the Hobbs Junction Mainline Release Site, dated November 16, 2011, and has conducted a review of the recommendations. The proposed activities indicate that Plains Marketing (Plains) has met the requirements of 19.15.30 NMAC (Part 30; formerly, Rule 19) for an abatement plan. Therefore, the OCD hereby conditionally approves the recommended remediation activities as proposed for above-referenced site in accordance with 19.15.30 NMAC:

Plains is granted an extension of 120 days to submit to the OCD a report of the specified recommended remediation activities.

Please be advised that OCD approval of these recommended remediation activities does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please contact me at 505-476-3489.

Hobbs Junction Mainline Release Site (AP-54)  
Unit Letter M, Section 26, T18S, R37E, NMPM, Lea County, New Mexico  
Recommended Remediation Activities Approval**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received the Second Quarter 2011 Summary for the Hobbs Junction Mainline Release Site, dated August 10, 2011, and has conducted a review of the recommendations. The proposed activities indicate that Plains Marketing (Plains) has met the requirements of 19.15.30 NMAC (Part 30; formerly, Rule 19) for an abatement plan. Therefore, the OCD hereby conditionally approves the recommended remediation activities as proposed for above-referenced site in accordance with 19.15.30 NMAC:

Plains must submit to the OCD a report of the specified recommended remediation activities within 120 days.

Please be advised that OCD approval of these recommended remediation activities does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

**RE: Quarterly Report for the Plains Marketing's  
Hobbs Junction Mainline Release Site (AP-54)  
Unit Letter M, Section 26, T18S, R37E, NMPM, Lea County, New Mexico  
Recommended Remediation Activities Approval**

Dear Mr. Henry:

The New Mexico Oil Conservation Division (OCD) has received the Quarterly Report for the Hobbs Junction Mainline Release Site, dated April 25, 2011, and has conducted a review of the recommended remediation activities. The proposed activities indicate that Plains Marketing (Plains) has met the requirements of 19.15.30 NMAC (Part 30; formerly, Rule 19) for an abatement plan. Therefore, the OCD hereby conditionally approves the recommended remediation activities as proposed for above-referenced site in accordance with 19.15.30 NMAC:

Plains must submit to the OCD a report of the specified recommended remediation activities within 120 days.

Please be advised that OCD approval of these recommended remediation activities does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.
