Jami Bailey
Director
Oil Conservation Division
1220 South St. Francis Drive
Santa Fe, New Mexico 87505

Dear Ms. Bailey:

Pursuant to NMAC 19.15.15.13, BOPCO, L.P. applies for approval of an unorthodox oil well location for the following well:

<u>Well:</u>	James Ranch Unit Well No. 110
<u>Surface location:</u>	2235 feet FSL & 530 feet FEL §1-23S-30E
<u>Bottom hole location:</u>	660 feet FNL & 2310 feet FWL §8-23S-31E
<u>Well unit (project area):</u>	E½SE¼ of §1-23S-30E; W½SW¼ of §6-23S-31E; N½N½ §7-23S-31E; and N½NW¼ of §8-23S-30E, Eddy County, New Mexico (400 acres)

The well will be drilled to a depth sufficient to test the Southeast Quahada Ridge-Delaware Pool. The pool is spaced on statewide rules, with 40 acre spacing, and wells to be located no closer than 330 feet to a quarter-quarter section line. A Form C-102 is attached as **Exhibit A**.

The BLM, as surface owner, is trying to minimize surface disturbance. Therefore, the surface location is being placed on or near existing wellpads. **Exhibit B**.

The entry point in the Delaware is the surface location. However, due to the well's directional plan it will encroach on the offsetting NE¼NE¼ §12-23S-30E (it will be approximately 200 feet from the NE¼NE¼ §12).

The working interest owner of the NE¼NE¼ §12 is Occidental Permian L.P. Notice of the application has been given to the offset, as shown on **Exhibit C**.

Please contact me if you need any further information on this application.

Very truly yours,

A handwritten signature in cursive script, appearing to read "James Bruce", with a long horizontal flourish extending to the right.

James Bruce

Ladies and gentlemen:

BOPCO, L.P. has filed an application with the New Mexico Oil Conservation Division seeking an unorthodox oil well location in Section 7, Township 23 South, Range 31 East, N.M.P.M., Eddy County, New Mexico. A copy of the application is enclosed. If you object to the application, you must notify the Division in writing no later than 20 days from the date of this letter, (the Division's address is 1220 South St. Francis Drive, Santa Fe, New Mexico 87505). Failure to object will preclude you from contesting this matter later.

Very truly yours,

James Bruce

Attorney for BOPCO, L.P.

Re: BOPCO, L.P. ("BOPCO") unorthodox location application
James Ranch Unit Well No. 110

Dear Mr. Brooks:

I previously sent you the attached letter on behalf of BOPCO. BOPCO and Occidental Permian Ltd. have now reached agreement on development of their respective acreage, and OXY does not object to BOPCO's application. See attached letter. Therefore, BOPCO requests that you process the application for approval. Thank you.

Very truly yours,

James Bruce

Re: BOPCO, L.P. ("BOPCO") unorthodox location application

Dear Mr. Brooks:

BOPCO filed the attached application with the Division 20 days ago. The only offset is Occidental Permian L.P. ("OXY"). BOPCO desires to give OXY an additional 10 days to review the application. Therefore, do not issue any order on this application at this time. Either Ms. Munds-Dry (attorney for OXY) or I will get back to you on this matter during that period. Thank you.

Very truly yours,

James Bruce

Attention: Donna G. Havins

Re: Letter Agreement
James Ranch #110H
SE/4 Section 1, T23S-R30E
Eddy County, New Mexico

Mrs. Havins:

As previously discussed, Occidental Permian LTD ("Oxy") has requested that BOPCO, L.P. ("Bass") not oppose Oxy's applications for permits to drill from a surface location within the boundaries of the James Ranch Unit, specifically in the S/2 of the SE/4 of Section 1, T23S-R30E and the S/2 of the SW/4 of Section 6, T23S-R31E Eddy County, New Mexico, to access and produce an Oxy suspended lease covering Section 12, T23S-R30E (the "Oxy Lease"). Bass as lease owner and operator of the James Ranch Unit and on behalf of the working interest owners in the James Ranch Unit, subject to the paragraph below, agrees not to oppose Oxy's application for a surface location for a multi-well pad at a location acceptable to the Bureau of Land Management ("BLM") near and to the south of the James Ranch Unit Well #62, or another mutually agreeable location within the S/2 of the SE/4 of Section 1, T23S-R30E or the S/2 of the SW/4 of Section 6, T23S-R31E that are also acceptable to the BLM. The location shall be designated when OXY files an Application for Permit to Drill on the Oxy Lease. It is further agreed that such location will not adversely affect Bass' ability to develop its own leasehold estate within the S/2 of the SE/4 of Section 1, T23S-R30E and the S/2 of the SW/4 of Section 6, T21S-R31E Eddy County, New Mexico. Bass also agrees to grant Oxy a surface and subsurface easement covering the well pad and up to four (4) directional well paths at the time Oxy files an Application for Permit to Drill on the Oxy Lease.

In consideration for Bass' agreements herein, Oxy agrees to not object to BOPCO, L.P.'s Non-Standard Location application for the JRU #110H which was filed by letter dated April 19, 2011, a copy of which was provided to Oxy. This letter agreement will be valid for a term of two (2) years from the date hereof. Please acknowledge your agreement with the above by signing in the space provided below and return to the

April 19, 2011

Jami Bailey
Director
Oil Conservation Division
1220 South St. Francis Drive
Santa Fe, New Mexico 87505

Dear Ms. Bailey:

Pursuant to NMAC 19.15.15.13, BOPCO, L.P. applies for approval of an unorthodox oil well location for the following well:

<u>Well:</u>	James Ranch Unit Well No. 110
<u>Surface location:</u>	2235 feet FSL & 530 feet FEL §1-23S-30E
<u>Bottom hole location:</u>	660 feet FNL & 2310 feet FWL §8-23S-31E
<u>Well unit (project area):</u>	E½SE¼ of §1-23S-30E; W½SW¼ of §6-23S-31E; N½N¼ §7-23S-31E; and N½NW¼ of §8-23S-30E, Eddy County, New Mexico (400 acres)

The well will be drilled to a depth sufficient to test the Southeast Quahada Ridge-Delaware Pool. The pool is spaced on statewide rules, with 40 acre spacing, and wells to be located no closer than 330 feet to a quarter-quarter section line. A Form C-102 is attached as **Exhibit A**.

The BLM, as surface owner, is trying to minimize surface disturbance. Therefore, the surface location is being placed on or near existing wellpads. **Exhibit B**.

The entry point in the Delaware is the surface location. However, due to the well's directional plan it will encroach on the offsetting NE¼NE¼ §12-23S-30E (it will be approximately 200 feet from the NE¼NE¼ §12).

The working interest owner of the NE¼NE¼ §12 is Occidental Permian L.P. Notice of the application has been given to the offset, as shown on **Exhibit C**.

Please contact me if you need any further information on this application.

Very truly yours,

COPY
