I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Subject: Parkway Delaware Unit Release

Ms. Huddleston,

I received a C-141 reporting a release on 5/16/2011 at the Parkway Delaware Unit. I need at least one of the following to process the document:

- Well name/number
- API number
- Legal footages
- Lat/Long

If this is a "stand-alone" battery, the well closest to the battery will work. After today, I will be out of the office until next Tuesday, so no hurry right now.

Thank you,

Mike Bratcher
