TAINING TO A CENTRAL TANK BATTERY
FOR PRODUCTION FROM WELLS IN THE
LOVINGTON ABO POOL, LEA COUNTY,

Oil Conservation Commission
State of New Mexico
Santa Fe, New Mexico

Gentlemen:

Comes now SHELLEY OIL COMPANY, a Delaware Corporation, with offices in Tulsa, Oklahoma and Hobbs, New Mexico, hereby petitioning the Secretary of the New Mexico Oil Conservation Commission for administrative approval for an exception to Statewide Rule No. 309 as pertaining to a central tank battery for production from wells on our State "Q" and "R" leases in the Lovington Abo Pool, Lea County, New Mexico.

In support of this application for administrative approval for an exception to Rule No. 309, we wish to make the following statements:

1. That the petitioner's State "Q" lease is the 80 acre tract confined by the S/2 SE/4 Section 36, Township 16 North, Range 36 East, which has two (2) Lovington Abo wells: Nos. 1 & 4.
2. That the petitioner's State "R" lease is the 240 acre tract confined by the NW/4 & E/2 SW/4 Section 36, Township 16 South, Range 36 East, which has 2 Lovington Abo wells: Nos. 5 & 6.
3. That the above tracts are contiguous.
4. That all production is from the same common source of supply, namely, the Lovington Abo Formation.
5. That no more than sixteen units will be produced into a common tank battery and adequate facilities will be provided for accurately determining production from each well at reasonable interval.
6. That the above two tracts concern but a single royalty owner, namely, the State of New Mexico and are both dedicated to a common beneficiary.
7. That a plat of this general area showing offset ownership, present Lovington Abo wells, present tank battery and flow lines and proposed flow lines, has been prepared and is accurate and complete to the best of our knowledge.

(waiting period)

File April 3, 1960

8. That all offset operators have been notified by registered mail with a copy of this application.
9. That Skelly Oil Company is the sole lease holder under all the separate leases.

Therefore, so that undue hardship will not be enforced, Skelly Oil Company requests that the Secretary of the Commission grant an exception to Statewide Rule No. 309, by which oil from separate leases may be produced into a central tank battery.

Yours very truly,

SKELLY OIL COMPANY
