Re: Reclamation :

Tenneco Oil Company requests permission to commingle production from the USA-Hulston Lease, T1/4 of Section 5, R-19-S, N-32-E, Lea County, New Mexico, and the presently commingled USA-Continental Unit and USA-Continental "F" Unit (approved by administrative order OIL-125), E/2 of Section 6, R-19-E, P-32-E, Lea County, New Mexico, all in the Lusk Strawn Pool.

Attached in triplicate are location plats and schematic diagrams of the commingling facilities designed in accordance with the Commission's Manual for the Installation and Operation of Commingling Facilities. The tank battery will be located on the USA-Continental Unit. Present facilities will be expanded to conform with the attached schematic.

Also attached are: letter of consent to commingle from the United States Geological Survey; commingling permit executed by twenty parties owning an interest in the above-mentioned leases; copy of letter and proof of mailing to the oil transporter and remaining parties owning an interest in the leases; and Table No. 1 showing the division of lease ownership.

The copies of the Agreement to Commingling Production and Table No. 1 were set up for permission to commingle the USA-Continental "F" Unit with the other leases. However, this lease proved to be dry so that permission is not required for it.

Your early consideration of this request will be appreciated.

Very truly,
Sincerely,

WILLIAM C. OIL COMPANY

Attention: Mr. A. W. Lang

Gentlemen:

Your letter of October 21, 1964, requests our approval to commingle the Strawn formation oil and gas produced from Tenneco Oil Company's No. 1 USA - Hudson and No. 1 USA - Continental "B" Unit wells. The wells are located in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 5 and SE $\frac{1}{4}$ NW $\frac{1}{4}$ sec. 6, T. 19 S., R. 32 E., Lea County, New Mexico, on leases New Mexico 0319697 and LC 071857-B, respectively. The production from these wells is to be commingled with that from the No. 1 USA - Continental and No. 1 USA - Continental "A" Unit wells at the central commingling installation approved by our letter of August 18, 1964.

The method of measurement and the system for commingling the oil and gas production from these four wells as discussed by your application and described by the diagram attached thereto, is hereby approved. Such approval is subject, however, to like approval by the New Mexico Oil Conservation Commission and to the requirement that Tenneco file with this office a communitization agreement whereby the NW $\frac{1}{4}$ sec. 6, T. 19 S., R. 32 E., is communitized in a 160-acre tract for the production of oil and associated hydrocarbons from the Strawn formation.

You are also requested to notify the District Engineer, U. S. Geological Survey, P. O. Box 1157, Hobbs, New Mexico, when the additional wells are added to the installation so that a field inspection of the facilities can be made.

Returned herewith are three copies of an instrument entitled "Amendment to Agreement to Commingle Production". The agreement does not require our approval inasmuch as such approval is accomplished by this letter.

Sincerely yours,

Gentlemen:

Attached are Xerox copies of a letter from the oil transporter approving the commingling of our USA-Hudson Lease with the USA-Continental Unit and the USA-Continental "A" Unit, all in the Lusk Strawn Pool, Lea County, New Mexico.

In telephone conversation, this date, between Mr. Utz and Mr. Riggs, concerning the approval of this commingling application, it was noted that the original of this letter had not been received by you. If any further information is needed or these copies of the letter will not suffice, please call us collect at MUTual 3-4621, Midland, Texas.

Gentlemen:

Enclosed are two copies of a letter that they intend to make application to the New Mexico Oil Conservation Commission for permission to continue production from the Oil-Continental Unit in the NW 1/4 of Section 3, the Oil-Continental Unit in the SE 1/4 of Section 3, and the Oil-Hudson Lease in the NW 1/4 of Section 1, all in T-1N, R-1E, S-10E, Lea County, New Mexico. These three leases will be reclassified into their present facilities which they plan to expand.

The New Mexico Oil Conservation Commission will review the production from these leases and compare with the operator's application to determine these three leases.

Gentlemen:

O
Tenneco Oil Company is requesting permission from the New Mexico Oil Conservation Commission to commingle production from the USA-Continental Unit SE/4 of Section 6, the USA-Continental "A" Unit, NW/4 of Section 6, and the USA-Hudson Lease, NW/4 of Section 5, all in T-19-S, R-32-E, Lea County, New Mexico. The tank battery will be located on the USA-Continental Unit at its present location. Present facilities will be expanded to conform to New Mexico Oil Conservation Commission requirements. You are presently taking commingled production from our USA-Continental Unit and USA-Continental "A" Unit and will be taking from the USA-Hudson Lease upon approval of this request.

P
Please send a letter of your consent to commingle production from these leases to the New Mexico Oil Conservation Commission, Attention, Mr. A. L. Porter, Jr., Box 2088, Santa Fe, New Mexico 87501, with a carbon copy to us.

SECOND AMENDMENT TO
AGREEMENT TO COMMINGLE PRODUCTION

THIS AMENDMENT, made and entered into this 15th day of February, 1965, by and between Tenneco Oil Company, a Delaware corporation, hereinafter sometimes referred to as "Operator", and the other undersigned parties hereto, hereinafter sometimes referred to as "The Other Parties Hereto".

W I T N E S S E T H, T H A T:

WHEREAS, Operator and certain of The Other Parties Hereto did, under date of August 7, 1964, make and enter into that certain Agreement to Commingle Production, covering and applying to certain lands lying and situated in Township 19 South, Range 32 East, N.M.P.M., Lea County, New Mexico; and

WHEREAS, under date of October 21, 1964, Operator and certain of The Other Parties Hereto did make and enter into that Amendment to Agreement to Commingle Production whereby additional lands lying and situated in Township 19 South, Range 32 East, N.M.P.M. were made subject to the Agreement to Commingle Production dated August 7, 1964; and

WHEREAS, Operator and The Other Parties Hereto desire to further amend the aforesaid Agreement to Commingle Production as hereinafter provided.

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other good and valuable considerations and for the benefits to be derived herefrom, the parties hereto do hereby covenant, contract and agree as follows:

I.

The parties hereto do hereby acknowledge receipt of the Agreement to Commingle Production dated August 7, 1964 and the Amendment to Agreement to Commingle Production dated October 21, 1964 and further acknowledge that they are familiar with the terms, provisions and conditions thereof. Said Agreement and Amendment are hereby incorporated herein by reference with the same force and effect as if the same were set forth herein in full.

II.

Exhibit "A" of the Agreement dated August 7, 1964 as amended by Amendment dated October 21, 1964 is hereby changed to include additional lands which are described in the attached Exhibit "A" as Communitized Areas No. 5 and No. 6. Exhibit "A" shall be the Exhibit "A" which is attached hereto and made a part hereof for all purposes herein.

III.

Except as hereby amended, said Agreement to Commingle Production, as amended by the Amendment dated October 21, 1964, shall be and remain otherwise unchanged in all of its terms provisions and conditions.

IV.

This Amendment may be executed in any number of counterparts with the same force and effect as if all of the parties hereto had executed one and the same instrument and shall be binding upon the parties who execute said instrument, regardless of whether all of the parties hereto execute this instrument or any counterpart thereof.

V.

This Amendment shall be effective as of 7:00 A.M., M.S.T., the _____ day of _____, 19____.

IN WITNESS WHEREOF, this instrument is executed as of the day and year first above written, but effective as hereinabove provided.
