Re: Swearingen Pool Waterflood

Gentlemen:

Attached are executed copies of pooling agreements from all overriding royalty owners under our waterflood, with the exception of Tenneco. Tenneco has informed us that the pooling agreement has been executed but is being sent to New York Life Insurance Company for execution and will be several days before it is returned.

As you know, we have gotten a pretty good kick and production on a couple of wells are exceeding expectation. Our tank battery is rapidly filling up. Therefore, we will appreciate your issuing your order for communitizing.

Many thanks for your help and cooperation.

Yours very truly,

THE ATLANTIC REFINING COMPANY
