Dear Sir:

Administrative Approval for Lease
Commingling in the Midway Drilling
Block, Lea County, New Mexico.

Union Oil Company of California as operator of the Midway Drilling Block located in an undesignated field, Lea County, New Mexico, respectfully requests administrative approval to commingle production from different leases into a common tank battery. All production will be from the Devonian Reservoir and the royalty beneficiary under all leases is New Mexico State Schools.

We are enclosing a plat of all leases in the Midway Drilling Block with the leases to be commingled in color, a plat of the proposed tank battery, a copy of a letter to Mr. Guyton B. Hays requesting off lease storage and commingling, a copy of letters from working interest owners approving commingling, and a letter from the crude oil purchaser agreeing to purchase commingled crude oil. Your immediate attention to this request will be appreciated and if additional information is needed please contact the undersigned.

Yours very truly,

Santa Fe, New Mexico 87501

Dear Sir:

Union Oil Company of California as operator of the Midway Drilling Block in an undesignated field, Lea County, New Mexico, respectfully requests approval to commingle production from different leases and for off lease storage. The leases to be commingled all have common New Mexico State School beneficiaries. Commingled production will be from a common Devonian source.

We are enclosing a plat showing all leases in the Midway Drilling Block. The leases for which commingling approval is requested have been shaded various colors. One lease not shaded, located in the SW/4 of Section 7, T-17-S, R-37-E, will not be commingled because of different royalty interest. Also enclosed is a plat showing the proposed tank battery which will be located in the NW/4 of Section 12, T-17-S, R-36-E.

Commingling of the subject leases will improve operating efficiency, decrease operating cost and thereby increase ultimate oil recovery by extending the economic life of individual wells.

Enclosed is a sight draft in the amount of \$10.00 to cover the required filing fee. Please contact this office if additional data is required. Your immediate attention to this request will be appreciated.

Yours very truly,

G. W. Coombes

Dear Sir:

Union Oil Company of California plans to make application to the New Mexico Conservation Commission to commingle production from all but one lease contained in the Midway Drilling Block (Devonian Reservoir) in Lea County, New Mexico. Union's lease located in the SW/4 Section 7, T-17-S, R-37-E will not be included because of different royalty ownership. We are attaching a plat of this drilling block. Before an application to commingle can be obtained from the Commission it is required that the operator obtain approval from all working interest owners.

If you have no objections to the above commingling procedure please sign below and return one copy to the undersigned.
