RE: Surface Commingling, Lease Commingling,  
Off-Lease Storage and Measurement  
Dagger Draw Upper Penn, North Pool  
Eddy County, New Mexico

Dear Ben:

Yates Petroleum Corporation respectfully requests administrative approval to amend Commingling Order CTB-390 (a copy of which is attached) to include the Roy AET #4 and Roy AET #5. A complete description of the wells involved in this commingling order is shown on Attachment I.

The production from these wells is transported prior to measurement to a common tank battery located at the Thomas AJJ #3 location (NWSE of Section 8-T19S-R25E).

The purpose of the surface commingling, lease commingling, off-lease storage and measurement is to reduce operating costs for storage and treating, thereby extending the economic life of each well. Without approval for utilizing existing batteries on adjacent leases, it will become necessary to build separate facilities for each well. This will greatly increase costs and shorten the economic life of the wells.

Because working interests for the wells are different, oil from each of the wells will be measured by positive displacement, temperature compensated metering equipment prior to surface commingling. Gas from the wells will also be metered separately. This metering will ensure that all production from each of the wells is equitably accounted for with no significant effect on your revenue. The production is from the same producing zone which is the Canyon.

Surface Commingling, Etc.:  
Page 2:

In accordance with the Oil Conservation Division's Rules 303-B, 309-B and 309-C, the following diagrams and maps are attached for your information:

Attachment IA	A map showing the location of the wells.
Attachment II	A diagram of the proposed measurement equipment, separators and storage tanks in accordance with the "Manual for Installation and Operation of Commingling Facilities".
Attachment III	Notification of working interest, royalty interest and overriding royalty interest owners
Attachment IV	Notification to the Bureau of Land Mangement

If you should have any questions or need further information, please give me a call at 505-748-4205 (direct line).

Thank you for your cooperation.

Sincerely,

Rusty Klein  
Production Clerk
