Attention: Mr. Andrew Schwandt

*Edward Mitchusson '4' State No. 1  
API No. 30-015-30165  
1980 FS and WL  
Unit K, Section 4, Township 19 South, Range 28 East, NMPM,  
Eddy County, New Mexico.  
~~Mitchusson~~ Wolfcamp (96833 - Oil) and  
Travis-Upper Penn (59860 - Oil) Pools*

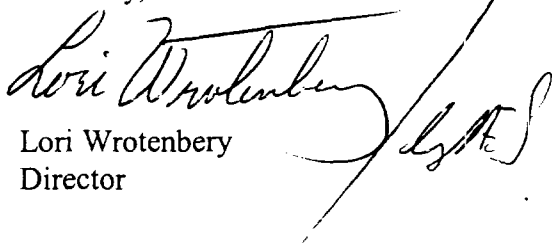

Dear Mr. Schwandt:

Reference is made to your recent request to temporarily surface commingle the Mitchusson-Wolfcamp and Travis-Upper Penn Pool production from Marathon's Edward Mitchusson '4' State No. 1 pending the outcome of the application for an amendment to Order CTB-467. My staff has reviewed your request and the same is hereby approved for a period of 60 days, concluding on December 30, 1998.

Production shall be allocated by separately metering the production from each well prior to commingling.

REMARKS: The commingled production shall be stored in the Buchanan No.1 tank battery facility located in Unit Letter 'I', Section 33, Township 18 South, Range 28 East, NMPM, Eddy County, New Mexico.

Sincerely,

  
Lori Wrotenbery  
Director

Re: Verification of verbal approval for exemption to Rule 309-A  
Surface Lease Commingling

Edward Mitchusson '4' ST. NO. 1  
1980' FSL and 1980' FWL  
Section 4, T-19-S, R-28-E  
Travis Field  
Eddy Co., NM.  
Travis - Wolfcamp

Mr. Mark Ashley:

This letter is to verify that Greg Muse of Marathon Oil Co. received verbal approval from you on 10-29-98, for the temporary exemption to Rule 309-A. The temporary exemption is for the surface commingling of the Mitchusson Wolfcamp (96833) with the Travis Upper Penn (59860), which is currently surface comingled per Order No. CTB-467. This is understood to be a temporary approval until further review at the public hearing scheduled on the docket for November 19, 1998. The common battery is at the James Buchanan '33' St. No. 1 location. All produced fluids are metered before being comingled, pursuant to all applicable provisions.

If you have any questions or comments, please advise.

Sincerely,

Andrew J. Schwandt  
Production Engineer
