RE: Request to Surface Pool
Commingled Oil
Blinbry Oil & Gas,
Blinbry Prorated Gas, and
Tubb Oil & Gas Pool,
SE/4 Sec. 33, T21S, R37E,
Lea County, New Mexico
Corrigan Lease

Dear Mr. Stogner:

John H. Hendrix Corporation request approval to surface pool commingle oil from the Blinbry Oil and Gas Pool (Well No. 5), Blinbry Prorated Gas (Well No. 7) and Tubb Oil and Gas Pool (Well No. 6). This is necessitated by our recent re-entering and completing Well No. 6 in the Tubb Oil and Gas Pool. These three wells and pools underly a single lease. Attached in support of this request are the following:

1. Table I showing produced volumes from each well and pool with API gravities before and after commingling.
2. Schematic diagram of facilities.
3. Plat showing location of each well.

The allocation method will be by well test. This is a request for oil commingling only. Gas volumes will be measured separately.

As noted from the produced oil volumes, it is not economically feasible to have separate facilities. Well No. 6 (Tubb Oil and Gas) is currently shut-in awaiting this approval.

Thank you for your consideration in this matter. If you have any questions, please call.

Yours very truly,
