RE: Amending PLC-140

Dear Mr. Stone:

Please amend the commingle order shown above as follows:

Include Indian Hills Unit Gas Com. Well No. 13. This well was inadvertently left off the original PLC. This well is located at UL "K," Section 29, T-21-S, R-24-E.

Include Indian Basin "32" State Well No. 2. This well will be drilled in the next few weeks. It is located at UL "J," Section 32, T-21-S, R-24-E. Please see attached Form C-102 for more information about this well. The original and 3 copies of this C-102 was sent to the District office in Artesia along with a copy of this letter to inform Mr. Tim Gum of our intentions.

This request is being made pursuant to our telephone conversation of May 8, 1998. If you need more information, or if you have any questions, please do not hesitate to call me at 915-687-8449. Thank you for your help and your prompt attention to this matter.

Sincerely,
Linny Larke

Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103. MARATHON OIL COMPANY plans to gather the production from this well at a satellite facility in Section 32. (see attached diagram), and then transport this production, via pipeline, to the central facility, located at UL "P", Section 19, T-21-S, R-24-E. Commingling of pools and leases at the central facility was approved 4-14-98, PLC-140. The production will be allocated as previously approved in PLC-140. Oil will be stored in tanks at the central facility and sold through a LACT unit. The gas will go to the Indian Basin Gas Plant. After processing, the gas and NGLs will be metered and sold at the tailgate of the plant. The water will be stored in a tank at the central battery and disposed of into the Indian Basin Field produced water disposal system. Please amend PLC-140 to include this new well.
