Gentlemen:

Enclosed herewith please find Administrative Order WFX-98 authorizing the drilling of three wells for water injection in your Twin Lakes Waterflood Project in the Artesia Pool, Eddy County, New Mexico.

I am sorry for the delay in getting this order to you, during the time correspondence concerning both the Twin Lakes and Red Lake projects was being awaited, I filed both applications together then overlooked your application to expand the Twin Lakes flood when WFX-93 was written.

Very truly yours,

*some Armstrong wants  
to re-enter this well and make  
a producer out of it. I advised  
him to withhold approval of the  
permit to do so unless he furnished  
evidence that Kerbridge, the offset  
operator, consented to the pro-  
posed injection, particularly  
inasmuch as they had  
previously consented to conversion  
of the well is a little line -
