NEWMONT OIL COMPANY

300 BOOKER BUILDING  
ARTESIA, NEW MEXICO

January 18, 1963

FILED OFFICE OCC  
1963 JAN 21 NEW MEXICO  
DISTRICT OFFICE  
JAN 26

Mr. A. L. Porter, Jr.  
Secretary-Director  
Oil Conservation Commission  
Santa Fe, New Mexico

Gentlemen:

In a letter dated November 26, 1962, Newmont Oil Company made application for administrative approval to convert the George Etz No. 8 to an injection well. This well is located 1980 feet from the north and west lines of Sec. 35-16-30. A copy of the original application is enclosed.

This application was objected to by the State Engineer, on the grounds that possible shallow fresh-water sources were not adequately protected. A copy of the objection is also enclosed.

Newmont hereby re-applies for administrative approval to convert the subject well, with the provision that injection will be through tubing, with a packer set below the top of the cement outside the 7" casing.

A copy of this application is being sent to the State Engineer.

Yours truly,

NEWMONT OIL COMPANY

Robert J. Cook  
District Engineer

S. E. REYNOLDS  
STATE ENGINEER

January 23, 1963

ADDRESS CORRESPONDENCE TO:  
STATE CAPITOL  
SANTA FE, N. M.

Mr. A. L. Porter, Jr.  
Secretary-Director  
Oil Conservation Commission  
Santa Fe, New Mexico

Dear Mr. Porter:

Reference is made to the application of Newmont Oil Company dated January 18, 1963 which seeks administrative approval to convert the George Etz No. 8 to an injection well. This well is located 1980 feet from the north and west lines of Section 35, Township 16 South, Range 30 East.

In view of the statement that injection will be through tubing, with a packer set below the top of the cement outside the 7" casing, this office offers no objection to the granting of this application.

Very truly yours,

S. E. Reynolds  
State Engineer
