Re: Application of Agua, Inc., for
additional water injection wells
in the Eastcap Queen Unit Area,
Chaves, County, New Mexico

Dear Jerry:

By telephone, April 7, 1970, I advised you that the above-described application could be approved administratively and that the Commission needed only schematics of the wells. I overlooked the fact that operators offsetting the injection wells had not been notified of the application. Please give the notice required in Rule 701 E 5 of the Commission Rules and Regulations.

Very truly yours,

GEORGE M. HATCH
Attorney
