New Mexico Oil Conservation Commission  
Attn: Mr. Ben Stone  
PO Box 2088  
Santa Fe, New Mexico 87504-2088

Dear Mr. Stone,

This letter is intended to serve notice / request that the #4 and the #14 wells (formerly Navajo Tribal "C" #4 and Navajo Tribal "A" #5, respectively) that are located in the Many Rocks field can be included under the area injection pressure permit (authorization). These wells should have been included in the original list that was issued to 21st Century Investment Corp. but apparently were not. Please find enclosed a list of all the wells in the area and their new names.

If you have any questions or concerns please feel free to call me anytime at #327-4892.

Sincerely,

John C. Thompson  
Engineer
