Subject: Application of Pan American  
 Petroleum Corporation For  
 Permission to Convert Three  
 Additional Wells  
 Southeast Cha Cha Unit  
 Cha Cha Gallup Pool  
 San Juan County, New Mexico

Mr. A. L. Porter, Jr.  
 New Mexico Oil Conservation Commission  
 P. O. Box 873  
 Santa Fe, New Mexico

Dear Sir:

Pursuant to the provisions of Rule 11 of NMOCC Order R-2214, dated April 18, 1962, Pan American Petroleum Corporation respectfully makes application for permission to convert Southeast Cha Cha Unit Wells Nos. 14, 21, and 26 from producers to water injection wells. These wells are more specifically located as follows:

Southeast Cha Cha Unit No. 14 - NW/4 NE/4 Section 16, T-28-N, R-13-W  
 Southeast Cha Cha Unit No. 21 - NW/4 SW/4 Section 16, T-28-N, R-13-W  
 Southeast Cha Cha Unit No. 26 - SE/4 SE/4 Section 17, T-28-N, R-13-W

Attached is a map of the Southeast Cha Cha Unit Area showing the location of all of the wells within the Unit, the Unit boundary, and the operators of wells adjacent to the Southeast Cha Cha Unit Pressure Maintenance Project area. The map also shows that there are no operators of wells completed in the Gallup formation that are either directly or diagonally offset by any of the three wells proposed for conversion to injection.

Also attached is a diagrammatic sketch of each of the three proposed injection wells showing thereon a description of the casing, tubing, perforated interval and depth. The completion of each of the wells is such that any injection of water into wells will be confined to the Gallup formation.

Initial injection of water in the Southeast Cha Cha Unit has been into Wells Nos. 16, 17 and 22, which wells generally lie along the major axis of the Cha Cha Gallup sand. Injection into these three wells has displayed some evidence of premature water breakthrough into wells lying in a northeast-southwest direction from the injection wells. Accordingly, it

is desired to convert the three additional wells to injection in an effort to improve performance of the project.

Yours very truly,

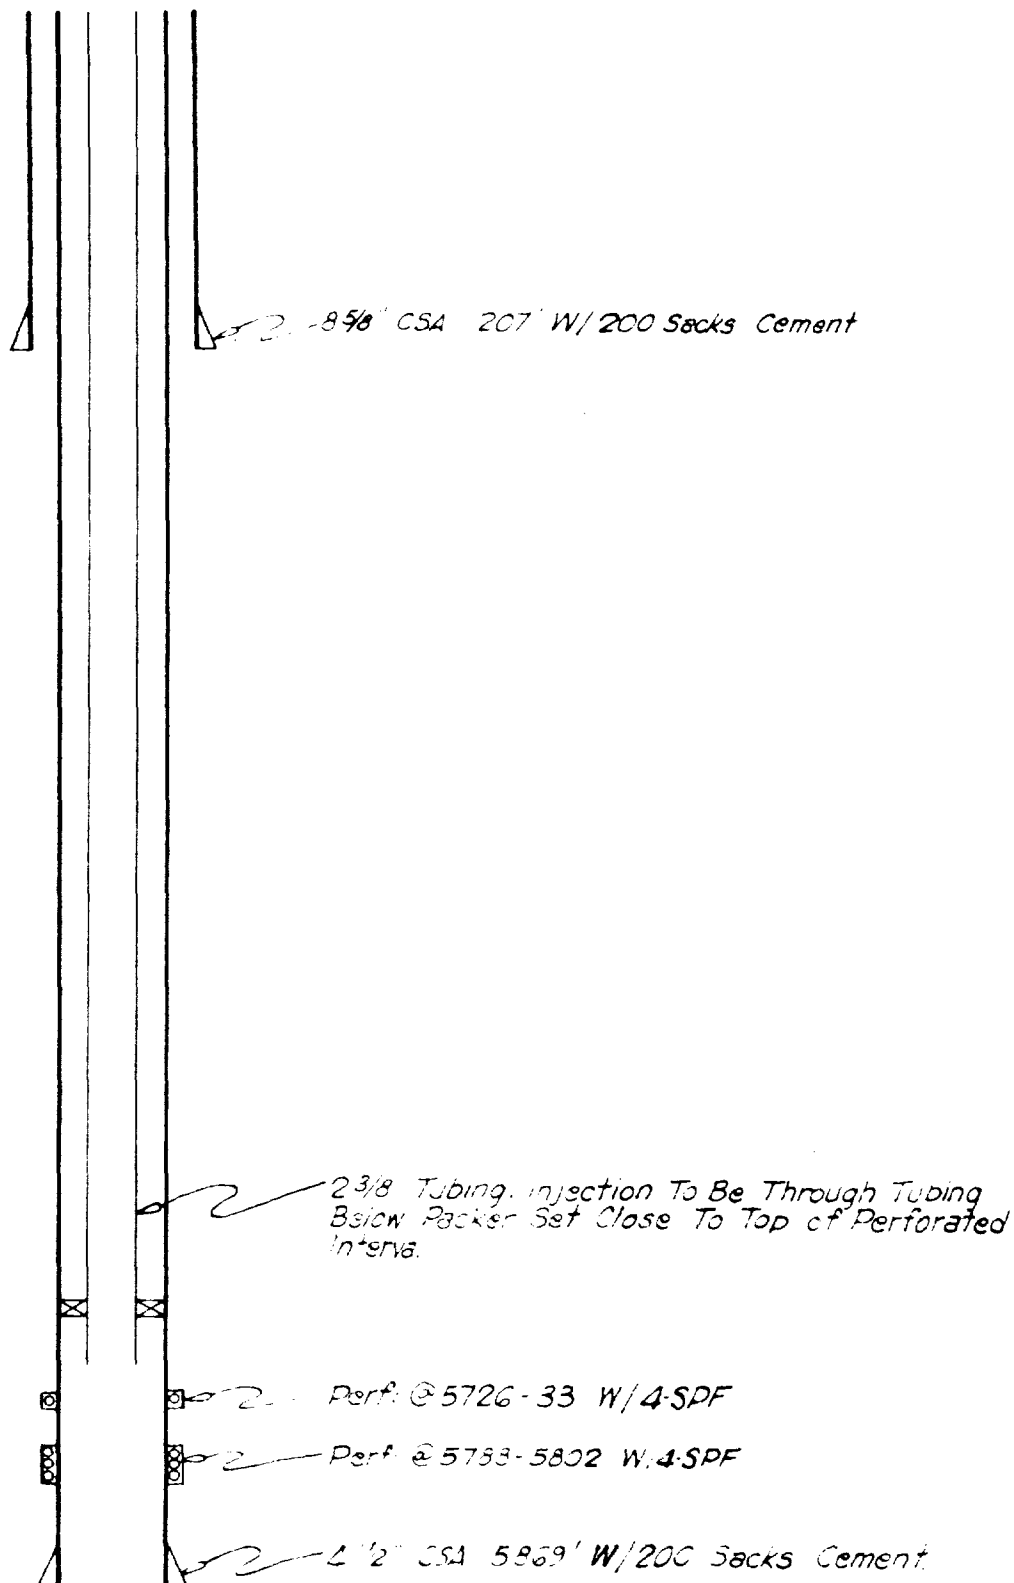

PAN AMERICAN PETROLEUM CORPORATION

  
E. M. Curtis  
District Superintendent
