Dear Sir:

In accordance with Rule 11 of Commission Order No. R-3229 of May 3, 1967, which authorizes Coastal's operation of a pressure maintenance project in its Flying "M" (San Andres) Unit Area, Flying "M" (San Andres) Pool, Lea County, New Mexico, Coastal States hereby requests permission to convert the below listed previously producing oil wells to water injection wells:

1. Flying "M" (San Andres) Unit Tract 1-a Well No. 3 - Located in Unit P, 660' FSL and 661' FEL, Sec. 29, T-9S, R-33E, Lea County, New Mexico.
2. Flying "M" (San Andres) Unit Tract 8 Well No. 1 - Located in Unit N, 1995.8 FWL and 659.1 FSL, Sec. 16, T-9S, R-33E, Lea County, New Mexico.

As required by Paragraphs (1) and (2) of Rule 11, we are attaching a location plat, which shows the location of above proposed injection wells and all wells within the project area, and a schematic drawing which describes the downhole completion and injection intervals for each well.

If this application for conversion of these wells to injection is in order, we will appreciate your advising your approval of the projects as soon as possible. If you will need any additional information or further data, please let me know.

Very truly yours,

Joe R. Howard
Division Production Superintendent
