Re: SWD No. 192
Guy A. Reed Well No. 2
Unit L, Section 24, Township 24 South,
Range 28 East, NMPM, Eddy County,
New Mexico

Dear Sir:

Reference is made to your application of September 30, 1977,
for conversion of the captioned well from a pressure maintenance
project injection well to a salt water disposal well.

The subject well is hereby reclassified as a salt water
disposal well and Commission Order No. R-4197 is hereby suspended;
however, said well shall continue to be bound by any well construct-
tion, testing, and monitoring provisions of said order.

Very truly yours,

JOE D. RAMEY
Secretary-Director

Re: Guy A. Reed Well No. 2-L,
Section 24, T24S, R28E
Westbrook Malaga Pressure
Maintenance Project
Order No. R-4197

Gentlemen:

As monthly project reports indicate that the subject well in the referenced project is the only remaining active injection well therein and as the well appears to be utilized for the disposal of produced waters only, we would propose to administratively reclassify the same as a salt water disposal well.

This change would require that you submit monthly injection volumes on Form C-120-A rather than the more extensive pressure maintenance report now being submitted.

Please signify your approval of this change by signing and returning the extra copy of this letter enclosed. No other action on your part will be required.

Very truly yours,

R. L. STAMETS
Technical Support Chief
