Re: 1990 Annual Survey  
Fluid Waste, Inc.  
Dorstate SWD  
Eddy County, NM

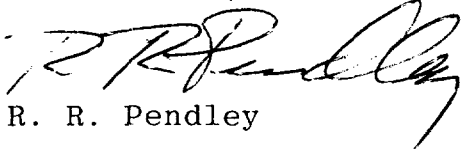

Gentlemen:

Enclosed is a copy of the tracer and temperature log dated  
October 27, 1989.

This log was run in lieu of the annual casinghead pressure  
test and in compliance with requirements set forth in a  
State of New Mexico Oil Conservation Division letter dated  
October 28, 1985. Said letter requires an annual temperature  
survey and a radioactive tracer survey every fifth year. A  
commission representative was present when the log was run.

Sincerely,

FLUID WASTE, INC.
