SWD 453

Re: Kerr-McGee Corporation
Hahn Federal SWD #2-0, Sec 27, T7S, R31E

Dear David:

Kerr-McGee Corporation is requesting that the above referenced well, permitted by OCD Order SWD 453 with a pressure limit of 789 psi, be granted a pressure increase based on the step rate test conducted on the Hahn Federal SWD #5-K, Section 27, T7S, R31E.

My recommendation is that it is necessary to conduct a step rate test on well No. 2 to determine fracture pressure prior to making a judgement on the pressure limit for this well.

Very truly yours

OIL CONSERVATION DIVISION
