RE: Amendment of Division Order SWD-505

Dear Sir:

Reference is made to your request to amend the above captioned order. My staff has reviewed your request, on the Rohmer Well No.1, to run 5 1/2 inch casing from surface to 4150 feet, perforate the Delaware interval from 3380 feet to 4030 feet, install 2 7/8 inch internally plastic coated tubing with a packer located at approximately 3800 feet and to re-establish injection at a maximum surface pressure of 776 psi.

Your request, conforming to the above description, is approved and Division Order SWD-505 is hereby amended.

Sincerely,

William J. LeMay
Director
