Dear Ms. Larke:

We are in receipt of your application of August 15, 2000, wherein you have requested our approval for surface commingling, off lease measurement and storage, and alternative measurement of hydrocarbon production from the above-referenced wells.

Since it appears that there will be no loss of revenue to the State of New Mexico's beneficiaries as a result of your proposed operation, your request is hereby approved. Our approval is given with the understanding that the Commissioner of Public Lands reserves the right to amend or withdraw his approval, should this operation prove to be unprofitable to the state at any time in the future. Also, our approval is subject to like approval by the New Mexico Oil Conservation Division and the Bureau of Land Management.

Your \$30.00 filing fee has been received.

Please submit a copy of the New Mexico Oil Conservation Division's order and the Bureau of Land Management's approval of this application.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

RAY POWELL, M.S., D.V.M.
