Dear Ms. Byers:

Your application of October 1, 2001 requests our approval to surface commingle the Northeast Lovington Penn pool production from the above referenced wells at the CTB-318 battery.

It is our understanding that all production will be metered separately prior to commingling.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division.

Your \$30.00 filing fee has been received.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.
