Gentlemen:

Texas-New Mexico Pipe Line Company, as transporter of crude oil from the subject leases, has no objection to running the commingled production.

Since Texas-New Mexico Pipe Line Company is not the purchaser of the crude as pointed out in Mr. James T. Jennings letter of June 29, 1971, copy attached, it may be necessary to obtain approval of the commingling from Atlantic Richfield Company, who is the present purchaser.

Dear Mr. Nutter:

In connection with the Application for Administrative Approval of Lease Commingling covering the above property which was filed on June 11, 1971, we are now enclosing a copy of a letter from Atlantic Richfield Company agreeing to purchase the commingled production.

On August 9, 1971 our attorney, James T. Jennings of Jennings, Christy & Copple submitted the letter from Texas-New Mexico Pipe Line Company, the gatherer on these leases, agreeing to the running of the commingled production. (copy of Jennings' letter enclosed).

Dear Mr. Bates:

This letter is written with reference to the telephone conversation with your secretary, Ms. Janice Neil, about the captioned leases which are to be commingled into one battery. Being the purchaser of the Keohane et al "A" Federal lease, Atlantic Richfield would like to be the purchaser of both leases after they are commingled. In checking with Texas-New Mexico Pipe Line, we find there will be no problem for Texas-New Mexico to gather the production. If you will, please take the necessary steps to obtain the changes on the C-104's and send a copy to Texas-New Mexico.

If we may be of future service, please do not hesitate to call.

COMMINGLING LEASES LC 029390(a) AND

In compliance with Rule 309-B, we are enclosing herewith an Affidavit of Mailing reflecting that a copy of the application in the above matter was sent by certified mail to all of the parties owning an interest in the leases and duly received by the parties. We are also enclosing herewith a letter from the Regional Oil and Gas Supervisor of the U. S. Geological Survey consenting to the commingling.

At one time, part of the land embraced in one of the leases was subject to a production payment in favor of Mercury Oil Company; however, a release of this production payment was obtained from Mercury and recorded in the office of the County Clerk on June 25, 1971.

Gentlemen:

Your letter of June 11, 1971, requests approval to commingle Queen oil production from leases Las Cruces 029390(a) and New Mexico 055648. The commingling facility will be located in the N $\frac{1}{2}$ SW $\frac{1}{4}$ sec. 28, T. 18 S., R. 31 E., lease New Mexico 055648, Eddy County, New Mexico.

For royalty purposes, production allocated to the leases will be based on periodic well tests. The monthly production for each well and lease, as reported on form 9-329, Lessee's Monthly Report of Operations, will be based on such well tests. The Lessee's Monthly Report of Sales and Royalty, form 9-361, must show all computations used in the calculation of lease sales.

The method of commingling described in your application is hereby approved subject to like approval by the New Mexico Oil Conservation Commission. Please notify the District Engineer, U. S. Geological Survey, Post Office Drawer U, Artesia, New Mexico 88210, when the installation is completed and operative so that it can be inspected.

Sincerely yours,
