Re: Administrative Order CTB-225

Gentlemen:

Reference is made to your application for administrative approval of an exception to Rule 309-A of the Commission Rules and Regulations to permit the commingling of Monument-Grayburg-San Andres production from your State D, C, and H leases in Section 24, Township 19 South, Range 36 East, Lea County, New Mexico, allocating the production of each lease on the basis of periodic well tests. It is our understanding that there is no diversity of ownership among the three leases including working interest, royalty and overriding royalty.

Under the authority granted me pursuant to Rule 309-B, Shell Oil Company is hereby authorized to commingle the above-described production as proposed, subject to the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities."

It is the responsibility of the producer to notify the transporter of this commingling authority.

Very truly yours,

A. L. PORTER, Jr.  
Secretary-Director
