Dear Mr. Barnett:

We are in receipt of your letter of August 26, 2002 requesting our approval to surface commingle the production from the above referenced leases at the Julio State #1 battery.

It is our understanding that the production will be allocated back to each well based on periodic well tests.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division.

Please submit a copy of the NMOCD's approval of this application.

Your \$30.00 filing fee has been received..

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

RAY POWELL, M.S., D.V.M.
