Re: Application to Surface Commingle

Julio State #1, Unit D, Sec. 20, 20S, 39E, State Lease VO-5109-1, DK Abo Pool

Lea County

(30-025-35889)

Porfidio State #1, Unit M, Sec. 17, 20S, 39 E, (30-025-35890)

State Lease VO-5116-1, DK Abo Pool

Lea County

### Gentlemen:

Xeric Oil & Gas Corporation requests approval to surface commingle the production from the two referenced leases at the Julio State #1 battery. The use of a single battery will be more cost efficient without sacrificing the quality of production. A schematic of the commingling plan is attached. Both wells produce from the DK Abo formation, therefore the fluids should be compatible. Production will be allocated back to each well based on periodic well tests. The initial commingle will be based on the production tests attached, as follows:

> Julio State #1 32% Oil 39% Water 27% MCF Porfidio State #1 61% Water 73% MCF 68% Oil

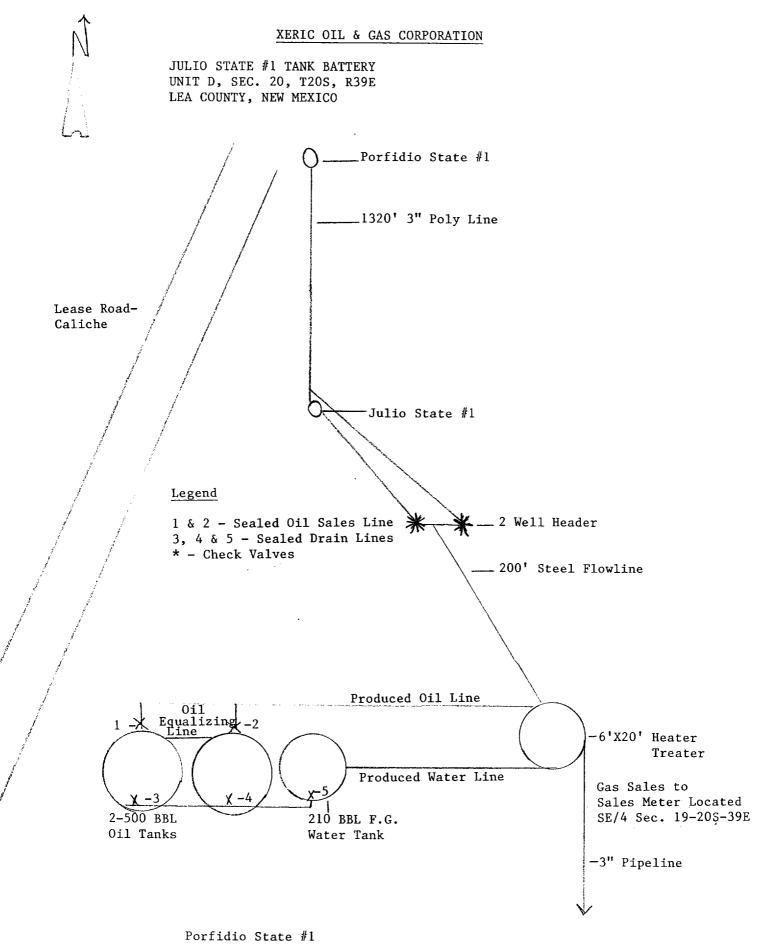

Attached for your consideration is documentation of notification to working and royalty interest owners. The working and royalty interest ownership in the two leases is the same. All working and royalty interest owners have been notified of commingling plans.

Your cooperation in this matter will be appreciated. If you have any questions, please contact me at 915-683-3171. Please send your approval to proceed to my attention at the address listed above.

Yours truly,

R. C. Barnett President

AC
