Anadarko Production Company
P. O. Box 9317
Fort Worth, Texas 76107

C Attention: Mr. J. H. Chaffin

Administrative Order OLS-72

Gentlemen:

O Reference is made to your application dated July 16, 1969, for administrative approval of an exception to Rule 309-A of the Commission Rules and Regulations to permit off-lease storage for your Grier Federal "A" Lease located in the NE/4 of the SW/4 of Section 31, Township 16 South, Range 31 East, Eddy County, New Mexico.

P It is our understanding that you seek authority to construct the tank battery for said lease on your Grier Federal Lease and that said tank battery would be located in the SE/4 NW/4 of said Section 31.

Y Pursuant to the authority granted me under the provisions of Rule 309-C of the Commission Rules and Regulations, Anadarko Production Company is hereby authorized off-lease storage as described above, provided however, that there shall be no inter-communication of the handling, separating, treating, or storage facilities designated to each lease.

Very truly yours,

A. L. PORTER, Jr.
Secretary-Director

Anadarko Production Company as operator of the Grier Federal "A" lease, located in the NE/4 SW/4 Section 31-16S-31E, Eddy County, New Mexico, is making application to the New Mexico Oil Conservation Commission for off-lease storage which can be approved under Statewide Rule 309-C, provided that certain requirements be met.

We are enclosing a plat indicating the proposed location of the tank battery which is near a water plant that will collect and re-inject produced water. By locating the battery in the immediate area of the plant, a saving will be realized by the reduction of the number of flow lines and the centralizing of equipment.

It is our request that you concur with this application by indicating your approval in the space provided below and forward one copy to the New Mexico Oil Conservation Commission (self-addressed stamped envelope enclosed).

RULE 309-C. ADMINISTRATIVE APPROVAL, OFF-LEASE STORAGE (As Amended by Order No. R-2174, January 22, 1962.)

For good cause shown, the Secretary-Director of the Commission shall have authority to grant an exception to Rule 309-A to permit the production from one lease to be transported prior to measurement to another lease for storage thereon, provided an application reflecting ownership of the leases has been filed in triplicate with the Commission and is accompanied by plats of the leases showing thereon the wells on the leases and the formations in which they are completed and the proposed location of the tank battery, and provided further that:

1. All production is from the same common source of supply.
2. Commingling of production from the two leases will not result.
3. There will be no intercommunication of the handling, separating, treating, or storage facilities designated to each lease.
4. All parties owning an interest in the leases have consented in writing to the off-lease storage.
5. In lieu of paragraph 4 of this rule, the applicant may furnish proof of the fact that said parties were notified by registered or certified mail of his intent to transport prior to measurement the production from one lease to another lease for storage. The Secretary-Director may approve the application if, after a period of 20 days following receipt of the application, no party has made objection to the application.
6. Where State or Federal lands are involved, the applicant shall furnish evidence that the Commissioner of Public Lands for the State of New Mexico or the Regional Supervisor of the United States Geological Survey has consented to the proposed off-lease storage.

Gentlemen:

Your letter of July 16, 1969 requests approval of off-lease storage for Grayburg-San Andres production from lease Las Cruces 068885 embracing the NE1/4, sec. 31, T. 16 S., R. 31 E., N.M.P.M., Eddy County, New Mexico. The tank battery is to be located on lease Las Cruces 068864 in the SE1/4 of the same section 31 above. The production from each lease is to be handled in separate and independent systems.

The method of off-lease storage shown on your letter and plat is hereby approved subject to the approval of the New Mexico Oil Conservation Commission. The tanks used are to be properly marked and identified with a sign reflecting the lease from which the production originated.

Please notify the District Engineer, Post Office Drawer D, Artesia, New Mexico 88210, when the installation is completed, so that a field inspection can be made.

Sincerely yours,

Gentlemen:

Anadarko Production Company as operator of the Grier Federal "A" lease, located in the NE/4 SW/4 Section 31-T16S-R31E, Eddy County, New Mexico, requests administrative approval for off-lease storage as specified under Rule 309C. The tank battery (consisting of two-210 barrel tanks) is to be located in Unit "F" (see plat attached).

The location mentioned above was selected because of its proximity to a water plant which will collect and re-inject produced water. Oil production collected will not be commingled with another lease prior to pipe line runs.

Anadarko owns 100 percent of the working interest and has notified royalty and overriding royalty interest of our intention to request permission for off-lease storage (see copies of letters attached).

In the event other data is needed or if any part of this application is unacceptable, please advise.

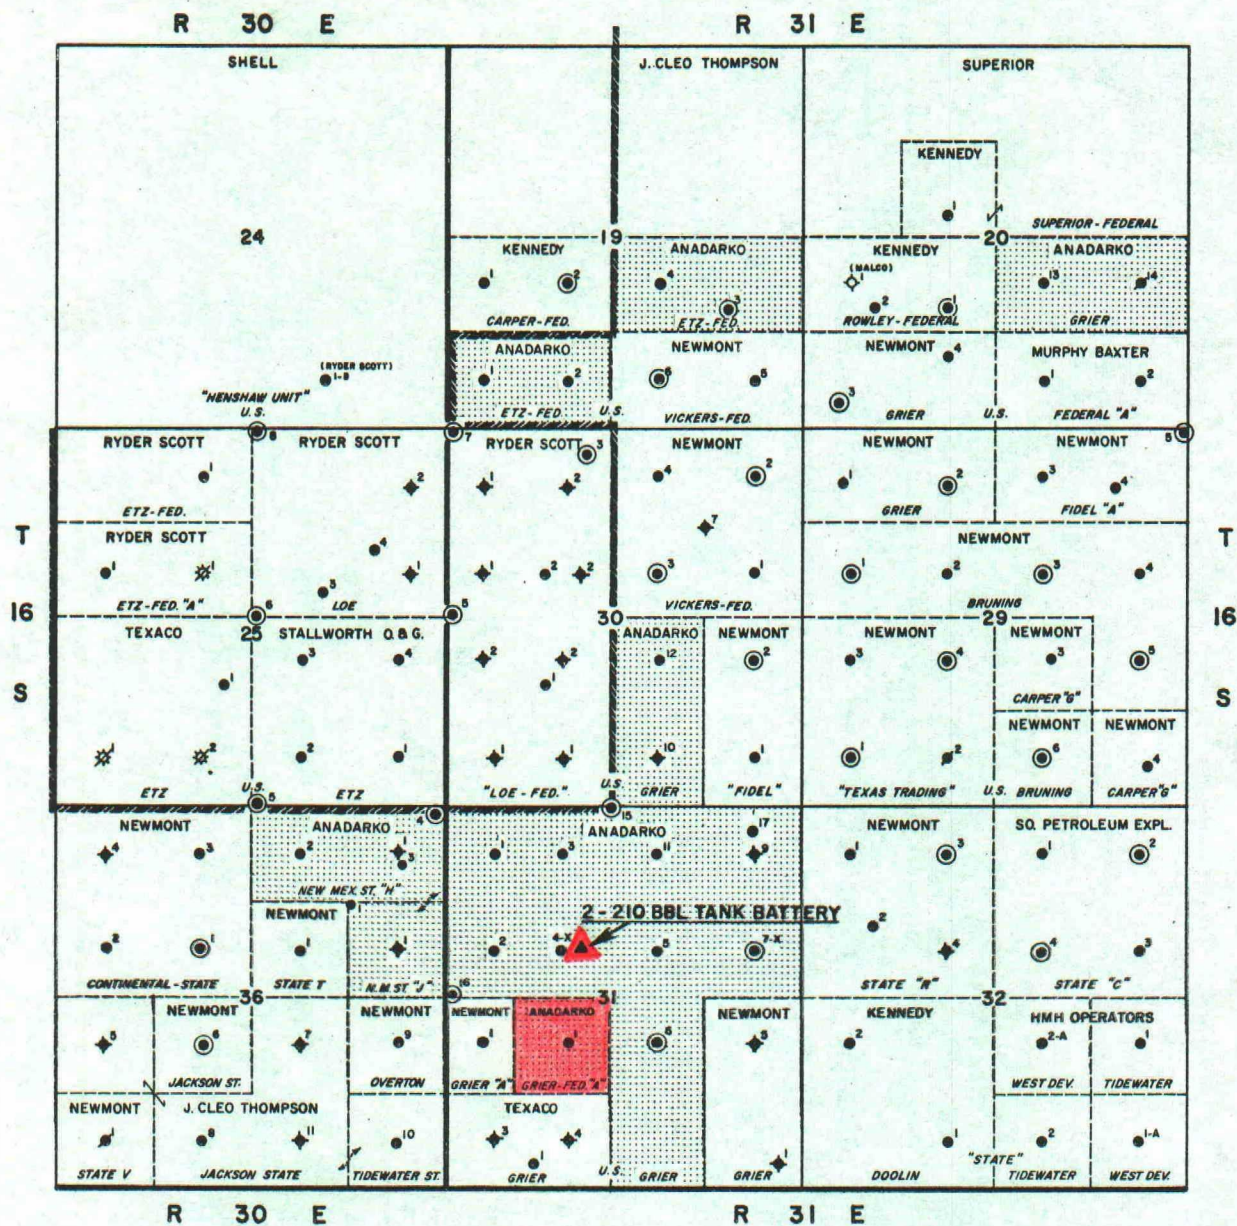

Very truly yours,
