Administrative Order PC-134

Gentlemen:

Reference is made to your application dated February 27, 1963, for administrative approval of an exception to Rule 303 (a) of the Commission Rules and Regulations to permit the commingling of the production from the Ellenburger, Waddell, McKee, Montoya, and Fusselman Pools, North Justis Field, on your W. A. Ramsay "C" Lease located in Section 36, Township 24 South, Range 37 East, Lea County, New Mexico, after separately metering the production from each pool.

By the authority vested in me under the provisions of Rule 303 (b) of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools on said lease in the above-described manner. Provided however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," including the provision for non-reset counters on the meters.

This order supersedes Administrative Order PC-72, dated April 6, 1962, which covered a portion of this commingling authority.

Very truly yours,
