

New Mexico Oil Conservation Commission P. O. Box 871 Santa Fe, New Mexico

Attn: Mr. A. L. Porter

Gentlemen:

I hereby request permission to commingle the oil from the following two small wells:

State B-1 Unit M Section 36-T17S-R27E, Empire Pool, Eddy County Bedingfield-State 3 Unit M Section 36, T17S-R27E, Red Lake Pool

Production for the first 3 months of 1963 from these wells was as follows:

ŕ	Jan	Feb	Mar	
State B-1	1	12	14	(Yates-Seven Rivers)
Bedingfield-State 3	55	46	24	)Grayburg-S.A.)

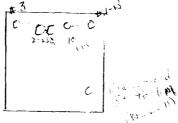

I desire to produce both of these wells into one 100 barrel tank with a flow line from each well. If I am not allowed to commingle or if provisions for commingling are too expensive it will be necessary to abandon the State B-1.

These wells can be tested by producing only one well at a time. They are on the same lease - same forty acres. I am the only interest owner in the State B-1, and the other small interest owners in the Bedingfield-State 3 are more than willing for this arrangement to be made.

Yours very truly, The But suget

J. E. Bedingfield

JEB:jd

The No. 6-M well is a new well which makes approximately 20 barrels per day, or expect to get 20 barrels. It is now in the process of completing and still " recovering load oil.

Attention:

Daniel S. Nutter, Chief Engineer

Dear Mr. Nutter:

In answer to your letter of June 10th, 1963, regarding my letter of June 6, 1963 in regard to comingling the oil from my State B 1 and Bedingfield State No. 3 both located in  $SW_{4}^{2}$  Sw2 Sec. 36. T. 17-S. R. 27-E. Eddy County, New Mexice.

I gather from your letter that I would have to get consent of royalty owners, which I believe would be the State of New Mexico. As I have no other royalty owners. I do have associates that own an interest in the Bed. State No. 3 well. However, I have consulted them regarding the commingling, etc, and as I own all other interest, working interest, in B 1, there could be no objection from my intrest owners to commingling of two wells.

My number State B 1 only makes a few barrels a month, therefore I could hardly afford to buy a tank, etc to produce this one well. Therefore, I would rather commingle the 2 wells and give my interest owners in No. 3 equal percentage in B 1 production.

Hoping that this will meet with your approval, and I assure you there is no objection to this deal from my interest associates, and as the state is the only Royalty owner, I hope this will answer satisfactorily your letter of June 10, 1963 in regarding to commingling of No. B 1 and No. 3 State wells.

On my Hastie off-lease storage, I am at present waiting for approval from the U.S. G.S. Office and will write you regarding it at my earliest convenience.

If there is any other information, that I can furnish, or help in any way, I will be glad to do so.

Yours respectfully, J. E. Bedingfield
