P. O. BOX 871

SANTA FE, NEW MEXICO

January 17, 1964

**Astec Oil & Gas Company**  
P. O. Box 847  
Hobbs, New Mexico

**Attention: Mr. Lester L. Duke**

**Administrative Order PC-182**

**Gentlemen:**

Reference is made to your application dated January 9, 1964, for administrative approval of an exception to Rule 303 (a) of the Commission Rules and Regulations to permit the commingling of Drinkard and Wants-Abo production on your Gutman Lease comprising the NW/4 SW/4 of Section 11, Township 21 South, Range 37 East, Lea County, New Mexico, after separately metering the Wants-Abo production and determining the Drinkard production by means of the subtraction method.

By the authority vested in me under the provisions of Rule 303 (b) of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools on said lease in the above-described manner. Provided however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," including the requirement for non-reset counters on the meters, and provided further, that you shall notify the Hobbs District Office of the Commission at such time as this installation is complete in order that a field inspection may be made of the installation prior to putting it in operation.

Very truly yours,

**A. L. PORTER, Jr.**  
Secretary-Director

**ALP/DSH/esr**

CONSERVATION COMMISSION  
P.O. BOX 971  
SANTA FE, NEW MEXICO

Dear Sir:

Enclosed for you are two copies of a report on the results of the survey of the Santa Fe River and its tributaries, made by the Commission in 1934.

Very respectfully,  
Commissioner

Very truly yours,  
Commissioner

Commissioner

The report on the results of the survey of the Santa Fe River and its tributaries, made by the Commission in 1934, is enclosed for you. It contains a description of the river and its tributaries, and a list of the plants and animals found in the area. The report is written in a clear and concise manner, and is of great value to those interested in the study of the Santa Fe River and its tributaries.
