Administrative Order PC-193

Gentlemen:

Reference is made to your application dated February 7, 1964, for administrative approval of an exception to Rule 303 (a) of the Commission Rules and Regulations to permit the commingling of Wolfcamp and Devonian production on your Dickinson A-1 Lease comprising the S/2 of Section 1, Township 15 South, Range 37 East, Denton Field, Lea County, New Mexico, allocating the production to each of the pools on the basis of periodic well tests. It is our understanding that the production from both of the aforesaid pools is of marginal nature.

By the authority vested in me under the provisions of Rule 303 (b) of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools on said lease in the above-described manner. Provided however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities." Provided further, that you shall notify the Commission at such time as either of the aforesaid zones is capable of top allowable production.

Very truly yours,
